This letter is in Correspondence received on Mar 10 2008

Applicant has Inclosed a petition request For Revival Of Application NO

09/970,747 , Note letter Not 09/970,474 Should read 09/970,747

Also applicant Did Follow up with in a 1 Year Time period of The provisional  
application with in One year and was recored . As inclosed with the evidence .

And was Further Followed Up By A Full application NO. 09/970747

Also applicant notes The \$280.00 Treasury Check . Please put these Funds

Towards The Revival Of applicants Applicant Application 09/970747

Further more applicant has Inclosed a Check for \$100.00 For the Revival .

And applicant has filed a separate Paper And applicant has further put his  
Invention In use . Inclosed in the evidence

Inclosed For Revival . And or Send the papers for Revival and or

Please Forward To the Revival patent department .

Respectfully Submitted

COPY MAILED

OCT 31 2006

In re Application of  
Kent G. Anderson  
Application No. 09/970,747  
Filed: October 2, 2001  
For: METHOD

:  
:  
: OFFICE OF PETITIONS  
: DECISION ON PETITION  
: UNDER 37 CFR 1.181  
:

This is a decision on the paper filed June 28, 2006, which is being treated as a petition under 37 CFR 1.181 requesting withdrawal of the holding of abandonment in the above-identified application.

The petition is dismissed.

Any request for reconsideration should be filed within two (2) months from the mailing date of this decision. Note 37 CFR 1.181(f).

This application was held abandoned for failure to timely reply to the Nonfinal Rejection mailed November 16, 2005.

Petitioner states that a timely response was submitted on March 13, 2006. However, the evidence submitted with the petition on June 28, 2006, is not sufficient to substantiate that a reply was submitted on March 13, 2006.

Additionally, petitioner is reminded that each distinct subject matter must be contained in a separate paper and signed. See 37 CFR 1.4(c) and (d).

For the reasons stated above, the petition to withdraw the holding of abandonment cannot be granted at this time.

Petitioner may wish to consider filing a petition under the unintentional provisions of 37 CFR 1.137(b). Public Law 97-247, which revised patent and trademark fees, provides for the revival of an "unintentionally" abandoned application without a showing that the delay in prosecution or in late payment of an issue fee was "unavoidable." See 37 CFR 1.137(b) in effect as of December 1, 1997. Note *Changes to Patent Practice and Procedure; Final Rule Notice*, 62 Fed. Reg. 53131 (October 10, 1997), 1203 Off.

Gaz. Patent Office 63 (October 21, 1997). An "unintentional" petition must be accompanied by the required petition fee.

The filing of a petition under the unintentional standard cannot be intentionally delayed and therefore should be filed promptly. A person seeking revival due to unintentional delay cannot make a statement that the delay was unintentional unless the entire delay, including the delay from the date it was discovered that the application was abandoned until the filing of the petition to revive under 37 CFR 1.137(b), was unintentional. A statement of unintentional delay is not appropriate if petitioner intentionally delayed the filing of a petition for revival under 37 CFR 1.137(b).

Further correspondence with respect to this matter should be addressed as follows:

## NOTICE OF PUBLICATION OF APPLICATION

The above-identified application will be electronically published as a patent application publication pursuant to 37 CFR 1.211, et seq. The patent application publication number and publication date are set forth above.

The publication may be accessed through the USPTO's publicly available Searchable Databases via the Internet at [www.uspto.gov](http://www.uspto.gov). The direct link to access the publication is currently <http://www.uspto.gov/patft/>.

The publication process established by the Office does not provide for mailing a copy of the publication to applicant. A copy of the publication may be obtained from the Office upon payment of the appropriate fee set forth in 37 CFR 1.19(a)(1). Orders for copies of patent application publications are handled by the USPTO's Office of Public Records. The Office of Public Records can be reached by telephone at (703) 308-9726 or (800) 972-6382, by facsimile at (703) 305-8759, by mail addressed to the United States Patent and Trademark Office, Office of Public Records, Crystal Gateway 4, Room 335, Washington, D.C. 20231, or via the Internet.

In addition, information on the status of the application, including the mailing date of Office actions and the dates of receipt of correspondence filed in the Office, may also be accessed via the Internet through the Patent Electronic Business Center at [www.uspto.gov](http://www.uspto.gov) using the public side of the Patent Application Information and Retrieval (PAIR) system. The direct link to access this status information is currently <http://pair.uspto.gov/>. Prior to publication, such status information is confidential and may only be obtained by applicant using the private side of PAIR.

Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at (703) 305-3028.

Filing Date: 10/2/2001  
Applicant: Kent G. Anderson

TO THE COMMISSIONER OF PATENTS  
(PATENT PRE EXAMINATION DEPARTMENT)

Please find enclosed new drawings that are being submitted and the corrections which the Pre examination Department had asked for. If the drawings are not accepted, they are informal drawings that will be redone so that the patent can be issued under the patent law. Also please find enclosed a check for 504 dollars. This application is being sent next day mail and certified on the date of December 5, 2001.

Applicant kindly request that the application go to the next process and be regarded for a patent. If problems exist please contact me.  
Thank you.

Respectfully submitted,

## Patent Application

### ***Title of Invention    method***

In reference to the earlier filed application of 10/16/2000 and application number 60/240194

### **TITLE OF THE INVENTION:**

The present invention is to relate to the process of doing business and a method of building infrastructures, Future brands, etc. and on-line infrastructures to market and to test ideas online in any marketplace with related protecting rights there of. The invention will identify any new markets built around any new products, services, etc. with testing promoting, marketing in any and all marketing sectors and markets. Identified markets will be built around those marketing sectors.

The main scope of the invention is a method, etc. of doing business in addition to stores and businesses that sell similar products. The difference is the design and the marketing and promoting of the same goods, as well as, a different name. There needs to be an open market to bring in new goods and products, etc. with especially future related goods and products, thus making Future original in doing business with any business in any marketing sector.

Future deals with marketing any marketable products or good especially in building new markets for products and services from the ideas people have and those ideas that have not even been discovered or developed yet. With these new ideas, Future will be bringing in new products and infrastructure in business in any marketing sector thereof which includes products, goods, services and trade from innovative ideas of any person that encompasses an oral language, writing, touch or feel, written word and anything that can be protected related to and will be identified and marketed through a vast arena of interconnected infrastructures—anything of now and anything which deals with the future.

This is a complex intellectual property with rights and licenses in promoting and building of new infrastructures with new products and services by interconnecting infrastructures and by building infrastructures of Future brands, etc. Identified will be any

markets which deals with the new and not the old and where people can test ideas. Also identified will be the markets for launching new ideas, products and services in any marketing sector set forth identified with new ideas, products and patents and with markets which build new company's products and services around those goods, products and services by identifying new classifications and new patent rights, etc. to launch new ideas, products and services in any marketing sector set forth.

Included will be a project dealing with futuristic designs which also will encompass a place where people can test their ideas in any marketing sector. This place will encompass future themes for retail stores, hotels and motels. This place similar to a city is identified with the name Future which represents the research and industries dealing with any new product and/or service etc. Featured would be Future TV broadcasting, museums, theaters, retail stores, industries, research centers, manufacturing and others. Again this is a place where people can test ideas in any marketing sector and meet business leaders who would test and place ideas into marketing into any marketing sector.

The business means and methods with identifying intellectual property rights will be the securing of the rights to the name of Future and to identify future rights to the name, etc. and the identifying of future products, industries and markets as new intellectual property under the brand Future. Included will be the building of entities and the identification of Future with the new ideas, products and services. All people will have a chance to bring in new ideas, products and services and to invest in these innovations. For people who want to be affiliated with the brands and the name or names which identifies Future, the name rights, intellectual property rights and methods will be secured which allow people to test these ideas including on-line for production and marketing in any marketing sector.

With the building of those markets, etc. in the name of Future around those sectors with new products and services, building themes in the marketplaces and infrastructure will be futuristic in design. Products and services of any industry may be included in a futuristic designed like city where goods, services and industries can be launched and branched out to any marketing sector with the building of infrastructures around the new products with Future brands and names. Included would be retail stores, entertainment

sector, transportation services, industrial services, health care services, financial services, etc. especially relating to and the creating of new services and goods and products under the Future name or names. The intent is to build those sectors and markets and new markets under the name of Future, to invest in people and their ideas in any marketing sector and to build those sectors that are new or not in existence at this time. This includes any company or industry that deals with goods/products and services thought of in the future. It includes the thought or thoughts that could be created into a service or product, the design means for the products and the services and marketing with the ability to build a large infrastructure around those new ideas and markets and so forth. The intent is to discover new products and intellectual property and to build markets around those, such as, one of many examples is to provide the interconnecting of networks worldwide in order to read stories live via on-line to call upon those readers anywhere at any time to promote reading. Testing and marketing of people's ideas, providing and building of new infrastructures and the interconnecting with other infrastructures would include internet and news media services.

Cross Reference To application U.S 5999.908 U.S 6928412

## BACK GROUND AND SUMMARY OF THE INVENTION

- brief summary of the invention

This invention relates to process methods, etc. of building and securing all intellectual property rights identified with Future trademark/trademarks rights and intellectual rights, etc. which deals with now and of the future, especially the future goods, products and services and intellectual properties. Protection of intellectual property rights to products, services, etc. of now and of the future will be secured with the rights to the name Future and by building industries and markets under the name Future. Also to be protected is the business method of testing products in any marketing sectors including on-line services. This would include any ideas and products in any and all fields and markets and the on-line services, where ideas and products would be tested electronically. This invention is a method of doing business by testing, producing, marketing, advertising, building markets and infrastructures and interconnecting markets and infrastructures so forth.

FIELD OF THE INVENTION  
For example, by interconnecting live story readers live via Internet called upon by clients world wide, stories read live in any language can be accessed through a web site

which identifies and calls on specific readers. The invention of the method will include many examples and creations with infrastructures online and in the real world to test and to market anything by any and all means or methods of creating new ideas.

The method of protecting intellectual property is by having any means in which to identify any goods and services, for example by applying on-line web page. Goods and services listed will be identified with the name or names not limited to Future sm./tm. Usage will be shown with claiming rights and licensing under intellectual property rights.

The following will help further explain the invention and the business methods; as follows, to build a place futuristic in designs and themes which encompasses any industry and services, so forth and a place to launch new products and services with industries. Everything will be related to the future with a place like a futuristic city that encompasses research centers, industry and commerce, etc. especially focusing on and representing new goods or products that haven't been thought of or produced.

An object of the invention is the method of building a unique infrastructure in which to identify new products, process methods, intellectual properties and to launch new products and services under the Future name. Also markets will be identified and infrastructures built online to interconnect and allow ideas and products to be tested in any marketing sector. Online interconnection of networks will provide any means to test people's ideas and intellectual properties by any and all means and to build markets to license intellectual properties.

Another object of the invention is the methods process of creating and securing legal rights to the use of the name Future with methods, intellectual properties and in any marketing sector new products, new services, license, etc. for those goods and services that are created from new ideas, products and intellectual properties that are discovered and tested. Included will be the licensing of the new products, goods, and services and the building of distribution channels around those new markets, infrastructures, networks online, so forth.

Another object of the invention is to build an infrastructure with infrastructures within for the different properties and intellectual properties, to create unique markets and infrastructures with new franchises, rights, licenses and to build industries with products,

goods and services.

Another object of the invention is the method of creating ideas for products for now and the future and of incorporating these ideas.

Another object of the invention is the method of protecting the name Future and to apply the name to those good and services that sow usage with established legal rights, and to apply for that name for licensing of intellectual property.

Another object is the applying for licensing of intellectual property or properties under the name chosen especially Future. Licensing rights are currently available under the name Future.

#### **BREAF DISCRIPTION OF DRAWING .**

Shows Flow Diagram , and the complex system .

#### **DETAILED DESCRIPTION OF THE INVENTION**

Example 1 Process method is to build infrastructures by any and all means within a huge entity, to identify rights, products and services that are new, and to build those infrastructures, methods, markets and products so forth around those entities thereof.

Example 2 Process method is to build and protect the name of Future and not limited to the name of Future; the rights to identify products and services methods by the name, etc. and to build new industries and markets under the name Future, etc.; to build these infrastructures around those entities and to provide an area to test people's ideas in any marketing sector; to protect those rights dealing with any intellectual rights, so on; to build infrastructures online and in the real world identifying new products and services and to build and interconnect those infrastructures and markets, etc. by any and all means.

Example 3 Process method is to create Future, etc. entities in which to develop products and intellectual properties and to market those new products and services in any marketing sector by any and all methods interconnecting markets and infrastructures in any and all structures and markets, so forth.

Example 4 Process method is to build an infrastructure, a place, to identify many different entities services, goods and products, etc.; a place to test all ideas in any marketing sector

6

and a place to meet business leaders, etc. Every detail of the futuristic structure, manufacturing, commerce, etc. is futuristic in style. The city encompasses research centers, museum, theaters, retail stores, radio and TV broadcasting center, so on. This includes any identifying services in any and all classes and fields classified as such and any and all products, goods and services that can be created and thought of now and for the future.

Any services of Future can be in a superstructure. Every detail and related products will be futuristic and future related. This would include new entertainment launching new promotions, new industrial promotion of goods and the promoting and launching of a product, goods and services in any marketing sector. This is a place that will also have its own financial services with a Future bank that does not look at a person's assets but identifies them with their dreams and ideas. It is a place to meet financial partners and leaders. In addition it is a place where to focus on the benefit for all people's needs and a place where we can work together for the benefit of all humankind.

Example 5 process method is any means to create new jobs Online with new opportunities. By connecting networks and online services, new methods, new products and services will be created by the Future name, etc. Included will be the building of channels for licensing, new infrastructures and new markets.

Example 6 process method is the securing the rights under the name Future, and not limited to the name Future to include any marketing sector and to build new means, new products, new services, infrastructures and places and on-line, to provide a place where people can test ideas in any marketing sector by any and all means and to launch new products under the Future name, etc. Included are securing rights to unique markets around new products' names, intellectual property, products, methods and interconnecting infrastructures and so forth.

...ess method is a method of creating in languages, writing, art, taste, taste, taste,  
means by which one can communicate ideas or inventions, etc. New  
and so on that can be created by the mind and invented for the human being and

7

their surroundings, that have a use and can be used, created and sold can be identified by  
the name Future, etc. By protecting intellectual property rights, markets and infrastructures  
can be built around new intellectual property, so forth any process method thereof  
interconnecting networks.

Example 8 process method is the building of new markets from ideas, products and  
services and interconnect marketing by building vast infrastructures which include methods,  
markets and distributorships etc. which deal with any marketing sector, any produceable  
goods, anything that can be created, marketed and sold. These goods, products and  
services means can be identified by the name Future not limited to the name Future, etc. in  
a new means, intellectual property and rights. Also many names can be attached onto the  
name Future thus providing more rights and ways in creating new products and services  
by creating those markets and by opening structures around those ideas and sectors, so  
forth.

Example 9 method process is creating a huge Future means city with the Future theme  
and which is self-contained and operated by the occupants who have the goals and values  
to carry on to other generations of leaders and who care for all people for the benefit of our  
world.

Example 10 the method process is to create a means to allow people to test their ideas  
etc. by any electronic, by any and all means on-line etc., and to interconnect other  
networks. Future will build a new world tm to create new products and services, etc. and to  
build marketing channels, distributorships and infrastructures, etc. working with other entities  
and licensing, etc. for the benefit for all.

Example 11 process method is the method of securing legal rights and of showing usage  
of names by identifying every good, service and marketing sector with the name with  
protection by sm., for example Future sm. retail services, so on. Then usage can be  
shown on-line with the ability to apply for intellectual property licensing, so on and so forth.

## NOW REFERRING TO THE CLAIMS

Claim 1 is a method process creating and building vast infrastructures, methods means, distributorships, markets, structures, etc. in which to test people's ideas in any marketing sector and to market products, goods and services in any marketing sector by building infrastructures and markets around any products, goods, markets and services—anything that can be created. Included are online and online services interconnecting networks by means which will allow the testing of people's ideas, products and goods by any and all means. Marketing and infrastructures around those products, goods and services will be built.

Claim 2 the method process of building an establishment or city, etc. which encompasses any industry and services dealing with any and all marketing sectors and of producing marketing, creating distributorships and infrastructures, etc. under the name Future, etc. brand names. Included is the process of marketing products, goods and services to others and the building of infrastructures around both said products and others, do forth, around new products and services and intellectual property discovered by the new ideas and new products. The method process will include the building of markets in infrastructures around those new ideas, products and intellectual property and so on.

Claim 3 is a process to create vast infrastructures methods where products and ideas, etc. will be tested in any marketing sector by any and all means, and where future industries interconnect so that they will remain with the main group and for investment with other companies. Future will be claiming new technology, market the products, finance the products, own channels and resources for license, market and test people's ideas in any marketing sector, and represent new ideas, new products and new intellectual property under the Future name, not limited to the Future name. Infrastructures, markets and franchises in infrastructures will build around new products, new patents, and new services and create and interconnect those markets so forth online to identify any services, goods, products and methods in which to test ideas anything in which can be thought of and

EXAMINER ROMAIN JEANTY

ART UNIT 3623

DEAR COMMISHINER OF PATENTS THIS APPLICATION DATES BACK TO 2000 AND ALSO REFERS TO PRIOR PEND RIGHTS TO A PROVISIONAL . AND IS VERY IMPORTANT TO THE GLOBAL INFRANSRUTURE OF FUTURE AND WWW.FUTUREVISIONARIES.COM NOT ONLY HAS APPLICANT APLYED FOR A METHIOD PATENT HE HAS FURTHER PUT THIS METHIOD IN PRACTICE FOR YEARS COUNTLESS YEARS AS INCLOSED AS EVIDENCE APPLICANT HAD APPLIED FOR THE BRAND FUTURE IN COUNTRIES NOT ONLY THE US . THIS IS CAN BE VIEWED ON LINE AT WWW.USPTO.GOV SEARCH UNDER TRADEMARKS OWNER KENT G ANDERSON . LAST YEAR APPLICANT ALMOST LOST HIS LIFE DO TO BROUGHT ON DO TO DEPRESHIPONS FROM WHAT CHANTACLLIA AND OTHERS DID TO APPLICANT IN THE FRAUD AGREEMENT OF 2004 .BUT APPLICNT STILL KEPT ALIVE AND SENT IN REPONSES TO REVIVE APPLICANTS PATENT APPLICATION NO 09/970/747 / SEE THIS ON APPLICANT WEB PAGE INCLOSED AS EVIDENCE . APPLICNT PRAYS FOR VOID OF FRAUD AGREEMENT OF 2004 ; ALSO THE REVIVAL OF US.PATENT NO 09/970/747 . AND ACCEPTACE OF APPLICNTS NEW APPLICATION IN KEEPING THESE GLOBAL IDEAS AND RIGHTS ALIVE FOR APPLICNT AND OTHERS; APPLICNT HAS FUTHER FILED THE SAME APPLICATION AS APPLICNT FIELD ON 2000; THIS IS A VERY COMPLEX APPLICATION BEEN YEARS THIS APPLICATION HAS BEEN PEND AT US.PATENT OFFICE ; APPLICANT IS A HEAD OF HIS TIME . ALSO APPLICNT RECALLS WHEN

ROMAN CALLED APPLICANT ON 4/17 06 INCLOSED AS EVIDENCE SAID I  
HAVE NOT RECIEVED YOUR RESPONSE KENT I SAD I SENT IT IN . HE LET ME  
FAX MY NON FINNAL RESPONSE TO HIM . THEN I RECVED AN ABANDAMENT .  
IT SHOULD HAVE BEEN A FINNAL ; THEN APPLICNT CALLED ROMAN ; HE  
SAID DONT WORY YOU CAN REVIVE IT .  
HE ASKED ME WHAT MY PATENT APPLICTION SAID I WAS SURPRUESED  
HES THE PATENT ATORNEY NOT ME ; I SAID I WOULD VIST WITH HIM WHEN I  
GET THE OFFICE ACTION ; HE ALSO SAID NOTED TOO ME I HAD OTHER  
PATENTS . INCLOSED AS EVIDENCE APPLICANT FAXED COPY OF RESPONSE  
AND CHECK  
CASHED BY USPTO. FAXED ON 6/28/2006  
AND A LETER TO THE PATENT OFFICE TO REVIVE THIS APPLICATION ID  
INLCLOSED SENT ON 3/13/06 / WITH THE COPY OF CASHED CHECK APPLICNT  
IS VERY COUNCERNED HIS APPLICATION REMAINS ABANDED NO  
COMUNACTION HAS BEEN RECIVED BY THE USPTO ; APPLICT BELIVES THAT  
LOOKING FOR APPLICNTS CHECK ; APPLICANT HAS ALSO COUNCERNS  
HOW MENY ARE INFRINGING AND APLYING AFTER APPLICANTS PEND  
APPLICATION DATING BACK 7 YEARS . AND THAT THE APPLICANTS PATENT  
APPLICNT IS VERY VALUBALE TO THE SUCEES TO APPLICATS BUSINESS  
AND GLOBAL FOR FOR THE PEOPLE WILL BE BEFITING BY THE APPLICTS  
OWN IDEAS AND YEARS APLYING FOR THE BRAND FUTURE  
PLEASE REVIVE APPLICTION ALSO THE US PATENT OFFICE SHOULD HAVE  
ALL RECOREDS ALL DRAWINGS AND COPIES ; ALSO APPLICT HAS  
PROVIDED COPIES

# Futurevisionaries.com<sup>SM</sup>

My name is Kent G Anderson I'm the founder /President of FutureVisionaries.com and Global FUTURE Brands ; I want you to know what I've been through and so It may help you . I cant tell you in words how I feel every day I live with this knowing that your ideas your rights to the Brand FUTURE are being taken every day since sept 2004 The Day I was set up In september I Feel like the world Trade Center How I Got destroyed how the world I Had Created Got destroyed

Almost How an agreement was Hidden for more for 2 Years ; An attorney who I Trusted Set Me Up ; I would like you to Know the names You The people should contact them write to The USPTO.Gov tell them how you feel I fought for your Global rights and ideas To the Brand FUTURE all I've got is stabbed in the Back and your ideas and ming taken from me . I'm not rich I work a Security

Job at High school ; For Years ; Nor do I Own a New Car or A Home i live at home . I Cant tell you How much i spend In Time allowances For FUTURE ;

So many wanting me To Fail So they will get your ideas and Global rights along with Ming ; I Don't Like monopolies ; No press will even do a story on me ;ABC;NBC;CBS;and talk Shows ;Tabloids; Nore Does any attorney want to represent me in Federal Court Because I don't have the money . I have tried I Called nonprofit ; Pro bono; VC ; Angel investors ; Its like you have to live in there city To even get funded ; And they only fund you if your making money

How can I ; Your and my world is being attacked and our own ideas are being used against us; Like you to See PEP BOYS Only has a Tire wheel cover and Hub Caps for FUTURA ; pep boys sued Ford Motor Over the Name FUTURA for a modal of a Car ;I Question why Ford Didn't even fight the Judges Judgment ?

I question why That the USPTO Allowed pep boys to file against our ideas I say its Our ideas Because i was going to let all people and all countries benefit by the Brand For there own ideas ; By the way PEP BOYS 17 Objections vs me For 4 Years are in the discovery Stage need people who cares as I Do ;I need help now funding ; I'm not going to give up on the people and there ideas I Hope daily that I will find a philanthropy ; All I'm finding out that Regardless of your prior pend ideas and Rights ; in countries people lawyers companies will file after you wait . Attack you ; File objections Vs You ; I have been Fighting a war For 7 Years ; even with the trademark office I Challenged them and the way companies have and get monopolies ;

Here are the Names of the people Involved ; I have already visited with my former attorney ;Threatens me ;Denies things ; Ps He doesn't have a law firm he works Now For USPTO ; I wish I could see Paul E FAHRENKOPF Of Washington DC . And Lawrence A Hoffamn in court.Attorney Using my signature and my pend rights In USA And filing from those rights of ours world wide any country before any one else can even file . Further more visiting with Paul I said I'm sure that Chantecaille Beaute Inc have licensers just waiting for my rights ideas To Fall Paul said nervously Aha ;

And Donald Trump Is waiting To Get my ideas For FUTURE For hotels he said Aha The Law firm for Hoffamn In NY is OSTROLENK Faber ,Gerb & Soffen LLP 1180 Avenue of the americas New York ,NY 10036-8403 Tel 2123820700 The Company taking your ideas for years That Opposed me for years applied after me In NY Is Chantecaille Beaute Inc FUTURE SKIN ; And

Oliver Chantecaille VP ; And the Agreement that i was set up in Of Sep 14 2004 ; go into see how they set me up Had the connections To put thru the uspto and to get approved ; This was all planed out we need to challenge these people and all involved and this Law Firm Of NY ; If I have to stand alone for the many I will ; Please write to me call me let me know your thoughts Write to our president Bush I have tried . I even tried to visit with him and Bill Clinton I have ideas that can help our world all people can you here my voice.

Let the FUTURE people voices be heard worldwide, call these people email them share my story all I have is ideas powerful words I look at the past and see how leaders of our country and others stood up for what they believed in best.

JUNE 26 07  
To PEP BOYS OWNER

AND ALL INVOLVED  
AND CORPORATE HEADQUARTERS  
PEP BOYS  
3111 WEST ALLEGHENY AVENUE  
PHILADELPHIA, PA 19132  
PHILADELPHIA COUNTRY

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand.

A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up that was contrary to the original stance. I was disappointed because I had relied on the word of the original intent.

Money and power of your company is at issue here. The FUTURA tire of 1964 is separate from the brand FUTURE.

If this company wanted the FUTURE brand, why hadn't they applied for it before?

My intention is to have the brand FUTURE to have a global infrastructure that would help people. I would very much like to be part of this. A meeting with Mr. Jeffrey Rachor would be appreciated. Please recognize the global benefits of working with me.

If these rights go abandoned, Chantecaille has the Fraud agreement of 2004 set up to get global rights of the people to take this agreement which was set up by my own lawyer in an agreement that was misleading to me.

Your oppositions no. 91157538; 91157768; 91158277; 91158509; 91158520; 91158786; 91159159; 91164461; 91164602; 91165913; 91170501; 91173632 are destroying me and other people globally and their rights to use FUTURE for their own ideas.

Discovery Period to close: 8/3/07; Plaintiff's 30 day testimony period to close 11/1/07; defendant's 30-day testimony period to close: 12/31/07 and Plaintiff's 15-day rebuttal testimony period 2/14/08 is in progress.

Please respond to me concerning these attacks as soon as possible

Note the countries that controlled their technology was left behind of the countries that shared their technology wanted to work with other countries and people Please respond asap Stop your attacks on us the people and our Future

Respectfully submitted

[Pep Boys FUTURA Tires VS Brand FUTURE see documents here!](#)

[see more documents](#)

Pep Boys FUTURA Tires For 4 Years VS Brand FUTURE and Kent G. Anderson, an individual, for automobiles, vehicles all goods and services associated and connected to.

Kent Anderson says FUTURA is separate as Pep Boys only has a tire, wheel covers, hub caps For FUTURA; he views FUTURE as separate from FUTURA; and Kent envisions his years and ideas which he had applied to FUTURE In US; UK; Europe can benefit people globally for realizing their own ideas.

The FUTURE belongs to the people; he wants to see that opportunity to be there for them. Kent sees the FUTURE Brand as a global open door infrastructure where all people and countries can bring forth new ideas, as well as, benefit by using their own ideas with the brand name FUTURE. A global revenue stream would help reinvest in people.

Kent envisions a global intellectual property where people can license non exclusive the Brand FUTURE For their own ideas with people and countries working together. The goal of

A Personal letter from kent G Anderson  
President/Founder of FutureVisionaries.com

To: the People , the Visionaries ..

People have a right to know This is the peoples Future.

Bringing this to your attention . The Pep Boys Manny, Moe & Jack of California

"Pep Boys", a California Corporation, located and doing business at 311 West

Allegheny Avenue, Philadelphia, Pennsylvania vs. Kent G. Anderson, an individual

doing business at 925 North Griffin, Bismarck, ND 58501 in a brand dispute.

The details are at [TTABVUE USPTO](#) web page.

I'm in a battle for the rights of the brand FUTURE. I don't have the funds to fight this trademark battle. I'm asking for financial help in

have anybody benefiting from this brand with countries working together and sharing the Brand FUTURE, is Kent's motivation for years

Kent Is looking for partners and a law firm as partners to represent the Global people's ideas and rights in federal court VS Pep boys and the FUTURA tire of 1964; FUTURE is new.

<http://www.prweb.com/releases/2007/02/prweb503951.htm>

<http://www.linkedin.com/pub/2/bbb/a3a>

<http://video.google.com/videoplay>

the form of business loans for a start up business that has been pending for years. Funds and years have been spent applying for the brand FUTURE

in the US, UK and CTM. This brand can be shared so all people and countries

can benefit by The Brand FUTURE For their own ideas, and having a place to realize their ideas for products and services.

As an inventor, I know the challenges that people have to overcome when

they don't have the resources as other do. Their ideas are not heard.

With the brand FUTURE people will be have the opportunity to have their

rights and ideas help create new economics globally.

On May 22, 06 these rights to the brand FUTURE are threatened.

I am looking for funds to equally represent these rights and funds for a start up company.

I want people know who I am and what I believe in.

Please send me your thoughts.

Kind regards,

Kent G Anderson  
Founder/president

#### Summary - story

My Name Is Kent G Anderson. Having big ideas, I had applied for the Brand FUTURE in 2000.

This brand name is to have global meaning to all people; I didn't want to see the brand

FUTURE being controlled. I also wanted to draw attention to the USPTO and how companies

would apply for one good in a class and say that they claim all of the goods in that class.

The individuals with few resources didn't have a chance. It seems to me that everything is

being controlled by the affluent.

I have invested years of my life applying for the Brand FUTURE, only to have companies

apply after me. Chantacile A cosmetic Company of New York applied for Future Skin whereby I had the mark FUTURE LOOK before them. My own attorney In DC worked in their best interest not mine by putting all of the goods and services in the USA, UK, and Europe

in the agreement.

I didn't understand what they were planning. It was posted with the USPTO. I received no

royalties or anything. They are using my own ideas me and using my signature. This huge

intellectual law firm in NY are using my ideas which were met to be used globally. I had

planned to let people share in this brand through licensing the brand to create jobs and

opportunities Their agreement is not fair; they had only cosmetic; class 3 will need to

continue to be pending.

Pep Boys have also opposed FUTURE Brands. They have tires under the FUTURA Brand.

They now want all of Class 12 everything associated and connected to automobiles. My vision was the Brand FUTURE for automobiles being shared by people who would benefit

with the use of their own ideas. Then theres a company In UK FUTURE Publication who want

class 16 and entertainment services. I've made nothing from my ideas and patents.

I need help with advice and funds ,partners to protect this huge portfolio and global rights.

We believe in our visions and have built the brand FUTURE around this vision. With our pending global infrastructure in all sectors, with our pending rights in the USA, UK, CTM, and with the sharing of the brand FUTURE with licensing potential, new jobs and opportunities will allow new infrastructures interconnecting facilities worldwide. With Our brand FUTURE in automobiles etc. and the large pending global infrastructure, new industries will be developed where people will have the means to test and market their ideas in any marketing sector. By working together and combining our resources with Our brands FUTURE and the pending projects in sharing through licensing, benefits can be gained by all people.

GOAL/GLOBAL MISSION AND GLOBAL BUSINESS STRATEGY

\* As one of many, we are strong. Our goal is to secure rights globally to the brand FUTURE, to create global opportunities from the brand so that all people can benefit from the brand FUTURE with their ideas and dreams. Global organizations and companies affiliated with brand FUTURE will create global resources and infrastructures that will allow development of new ideas and a means for new industries to be developed. Global benefits will be created for all people.

\* My vision and belief is that the brand FUTURE has the ability to create opportunities for all people and build new jobs and industries globally. Opportunities will be available to all people, especially the people who have ideas for products and services but do not have the resources. The opportunity would include using their trademarks, copyrights and patents with the brand FUTURE which would help inventors, etc. to be heard and to realize their potential. For example, individual's designs for automobiles etc. would be used and associated with the brand FUTURE. The global infrastructure built with the brand FUTURE would be able to support their efforts with knowledge and resources. By working together with the brand FUTURE and sharing by licensing ideas and products to each other, each individual will benefit from the brand FUTURE. Companies and individual will be allowed separately to benefit from the FUTURE brand globally.

\* Global Trademark Matter: Challenger vs. Kent Anderson over the brand FUTURE. I do not want to see the brand FUTURE controlled by one when it should offer benefits to many. I'm looking for trademark -attorneys who want to help. And Seeking volunteer help .

## Who We Are

I am Kent Anderson, founder and president of Future<sup>SM</sup> Enterprises. The brand FUTURE should be shared to allow people to benefit globally. I know that my plan and the years of my life's work will allow the creation of new jobs globally and create opportunity for others. I am asking for financial help. The brand FUTURE has challengers who have vast financial resources. As an individual, I do not have the financial resources to meet the ongoing cost associated with the global pending infrastructure and for maintaining the intellectual property rights in the USA/UK/CTM. Please address questions and concerns to me.

I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new crossroads to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders; people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world can.

This will be accomplished by focusing on the new, not the old TM<sup>SM</sup>.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name Future<sup>SM</sup>. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future Island<sup>SM</sup>, Research centers, retail, health, communications, etc.

One such endeavor would be Future Island<sup>SM</sup>. This unique concept, which has already been initially designed and thought through, would be a very innovative idea, and would allow businesses and industries to come together in one place. By hosting these future facilities in one place, ideas would be able to come together and flourish. Basically, the main goal would be to build a NEW WORLD.<sup>SM</sup>

Qualifications for applicants would include integrity, knowledge, leadership abilities, positive attitude, and training in many different fields of today's industries, so that we may build the new industries for tomorrow. If you would like to be a part of a world leader into the Future<sup>SM</sup>, and to work with some of the best minds and visionaries that will someday build new markets and invest in their abilities and dreams. This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. It is not how much money or power we have, but rather the ability to recognize someone's dream, and to help them accomplish it,<sup>SM</sup> and to test their ideas in any marketing sector<sup>SM</sup> PAT. PEND.

We have spent years of building the brand FUTURE<sup>TM</sup> with our pending rights in USA/UK.

We want to create an open global infrastructures to allow all people and all countries the ability to share the brand FUTURE<sup>TM</sup> and to created and build new industries around it.

We Would Like To Have And To Create An Open Door Policy to Allow New Products To Be Discovered To Benefit Our World . At This Time We Do not solicit New Ideas because We Don't Have The Resources To do So . We Hope Soon To Have Pending Partners And Others Who Want To Join Us So We Can build the projects and Open infrastructure.

You can see our work at [www.uspto.gov](http://www.uspto.gov) search page. Under Trademarks enter the owner's name Kent G Anderson

## Goals

To build something no one has done before<sup>SM</sup>

A place to project into the future<sup>SM</sup>

To build new industries, new products, new markets, etc.<sup>SM</sup>

Building a new world brand<sup>SM</sup> name future<sup>SM</sup>

A place to test your ideas in any marketing sector focused towards our future<sup>SM</sup>

To invest in the people and their ideas and their dreams for our future and the benefit of our world<sup>SM</sup>

## USA PATENTS FOR LICENSE

Looking for manufacturers, entrepreneurs. We believe our patents have global potential.  
 The patents can be viewed at [www.uspto.gov](http://www.uspto.gov). Search under patents and enter patent number.

1. Title: **Method of Making a Pizza with the Crust Being in the center** Patent Number 6077553.

This is a pizza with the pizza toppings on both sides called the Pizza Flip TM. We have also reserved [pizzaflip.com](http://pizzaflip.com) and have created a cartoon character called Pizza Flip for marketing. The market is for vending, frozen foods, restaurants and ovens.

2. Title: **Simulated Time Ship Dining and Entertainment Arrangement** Patent Number 6161341.

Patent is a restaurant simulated time ship. Markets are amusement parks, hotels, shopping centers and restaurants. The patent has detailed drawings.

3. Title: **Vacuum Cleaning System** Patent Number 5870797.

This is a unique self vacuuming and cleaning carpet system. Market includes homes, business, aircraft, boats, automobiles, office buildings and power plants.

4. Title: **Strobe Light for a Vehicle Tire and Wheel** Patent No. 5548274

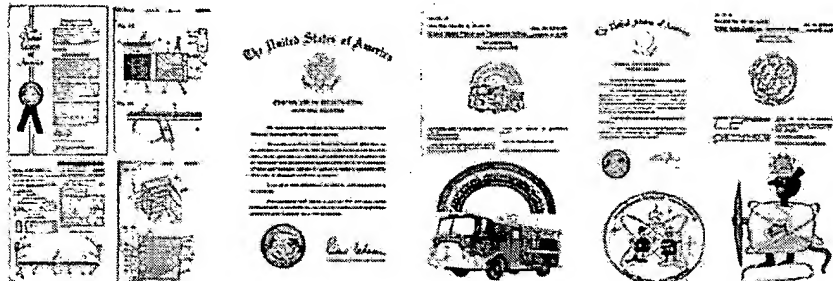

Virtual Tire Imaging. As the automobile's tires are moving, moving images and written material will be for viewing at night. The patent has detailed drawing.

The market is for automobiles, car shows and special events.

We are looking for TV shows, news shows or talk shows, that want to interview us, to promote our ideas and projects to others; so they may benefit from our ideas. To help others by creating new goods and services by sharing the Brand FUTURE by licensing the BRAND FUTURE and our Intellectual Property to others work together . This creates the infrastructure to allow people to test and to market their ideas in any market sectors.

We plan to help the world and we are looking for people who feel the same as we do.

Below are several examples of patents I have secured, including the Time-Saver SM Self-Cleaning Carpet, Rent & Rescue Toys<sup>SM</sup>, and The Dust Buddies<sup>SM</sup>

If you are interested and feel you have what it takes, please email me and tell me who you are. Talk about your background, and what status you hold in society. What makes you unique or special in this world? What is your track record? Are you interested in investing? I would love to hear from you. Below is my contact information.

# Futurevisionaries.com<sup>SM</sup>

My name is Kent G Anderson I'm the founder /President of FutureVisionaries.com and Global FUTURE Brands ; I want you to know what I've been through and so It may help you . I cant tell you in words how I feel every day I live with this knowing that your ideas your rights to the Brand FUTURE are being taken every day since sept 2004 The Day I was set up In september I Feel like the world Trade Center How I Got destroyed how the world I Had Created Got destroyed

Almost How an agreement was Hidden for more for 2 Years ; An attorney who I Trusted Set Me Up ; I would like you to Know the names You The people should contact them write to The USPTO.Gov tell them how you feel I fought for your Global rights and ideas To the Brand FUTURE all I've got is stabbed in the Back and your ideas and ming taken from me . I'm not rich I work a Security

Job at High School ; For Years ; Nor do I Own a New Car or A Home i live at home . I Cant tell you How much is spend In Time allowances For FUTURE ;

So many wanting me To Fail So they will get your ideas and Global rights along with Ming ; I Don't Like monopolies ; No press will even do a story on me ;ABC;NBC;CBS;and talk Shows ;Tabloids; Nore Does any attorney want to represent me in Federal Court Because I don't have the money . I have tried I Called nonprofit ; Pro bono; VC ; Angel investors ; Its like you have to live in there city To even get funded ; And they only fund you if your making money

How can I ; Your and my world is being attacked and our own ideas are being used against us; Like you to See PEP BOYS Only has a Tire wheel cover and Hub Caps for FUTURA ; pep boys sued Ford Motor Over the Name FUTURA for a modal of a Car ;I Question why Ford Didn't even fight the Judges Judgment ?

I question why That the USPTO Allowed pep boys to file against our ideas I say its Our ideas Because i was going to let all people and all countries benefit by the Brand For there own ideas ; By the way PEP BOYS 17 Objections vs me For 4 Years are in the discovery Stage need people who cares as I Do ;I need help now funding ; I'm not going to give up on the people and there ideas I Hope daily that I will find a philanthropy ; All I'm finding out that Regardless of your prior pend ideas and Rights ; in countries people lawyers companies will file after you wait . Attack you ; File objections Vs You ; I have been Fighting a war For 7 Years ; even with the trademark office I Challenged them and the way companies have and get monopolies ;

Here are the Names of the people Involved ; I have already visited with my former attorney ;Threatens me ;Denies things ; Ps He doesn't have a law firm he works Now For USPTO ; I wish I could see Paul E FAHRENKOPF Of Washington DC . And Lawrence A Hoffamn in court.Attorney Using my signature and my pend rights In USA And filing from those rights of ours world wide any country before any one else can even file . Further more visiting with Paul I said I'm sure that Chantecaille Beaute Inc have licensers just waiting for my rights ideas To Fall Paul said nervously Aha ;

And Donald Trump Is waiting To Get my ideas For FUTURE For hotels he said Aha The Law firm for Hoffamn In NY is OSTROLENK Faber ,Gerb & Soffen LLP 1180 Avenue of the americas New York ,NY 10036-8403 Tel 2123820700 The Company taking your ideas for years That Opposed me for years applied after me In NY Is Chantecaille Beaute Inc FUTURE SKIN ; And

Oliver Chantecaille VP ; And the Agreement that i was set up in Of Sep 14 2004 ; go into see how they set me up Had the connections To put thru the uspto and to get approved ; This was all planed out we need to challenge these people and all involved and this Law Firm Of NY ; If I have to stand alone for the many I will ; Please write to me call me let me know your thoughts Write to our president Bush I have tried . I even tried to visit with him and Bill Clinton I have ideas that can help our world all people can you here my voice.

Let the FUTURE people voices be heard worldwide, call these people email them share my story all I have is ideas powerful words I look at the past and see how leaders of our country and others stood up for what they believed in best.

JUNE 26 07  
To PEP BOYS OWNER

AND ALL INVOLVED  
AND CORPORATE HEADQUARTERS  
PEP BOYS  
3111 WEST ALLEGHENY AVENUE  
PHILADELPHIA, PA 19132  
PHILADELPHIA COUNTRY

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand.

A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up that was contrary to the original stance. I was disappointed because I had relied on the word of the original intent.

Money and power of your company is at issue here. The FUTURA tire of 1964 is separate from the brand FUTURE.

If this company wanted the FUTURE brand, why hadn't they applied for it before?

My intention is to have the brand FUTURE to have a global infrastructure that would help people. I would very much like to be part of this. A meeting with Mr. Jeffrey Rachor would be appreciated. Please recognize the global benefits of working with me.

If these rights go abandoned, Chantecaille has the Fraud agreement of 2004 set up to get global rights of the people to take this agreement which was set up by my own lawyer in an agreement that was misleading to me.

Your oppositions no. 91157538; 91157768; 91158277; 91158509; 91158520; 91158786; 91159159; 91164461; 91164602; 91165913; 91170501; 91173632 are destroying me and other people globally and their rights to use FUTURE for their own ideas.

Discovery Period to close: 8/3/07; Plaintiff's 30 day testimony period to close 11/1/07; defendant's 30-day testimony period to close: 12/31/07 and Plaintiff's 15-day rebuttal testimony period 2/14/08 is in progress.

Please respond to me concerning these attacks as soon as possible

Note the countries that controlled their technology was left behind of the countries that shared their technology wanted to work with other countries and people Please respond asap Stop your attacks on us the people and our Future

Respectfully submitted

Pep Boys FUTURA Tires For 4 Years VS Brand FUTURE and Kent G. Anderson, an individual, for automobiles, vehicles all goods and services associated and connected to.

Kent Anderson says FUTURA is separate as Pep Boys only has a tire, wheel covers, hub caps For FUTURA; he views FUTURE as separate from FUTURA; and Kent envisions his years and ideas which he had applied to FUTURE In US; UK; Europe can benefit people globally for realizing their own ideas.

The FUTURE belongs to the people; he wants to see that opportunity to be there for them. Kent sees the FUTURE Brand as a global open door infrastructure where all people and countries can bring forth new ideas, as well as, benefit by using their own ideas with the brand name FUTURE. A global revenue stream would help reinvest in people.

Kent envisions a global intellectual property where people can license non exclusive the Brand FUTURE For their own ideas with people and countries working together. The goal of

A Personal letter from kent G Anderson  
President/Founder of FutureVisionaries.com

To: the People , the Visionaries ..

People have a right to know This is the peoples Future.

Bringing this to your attention . The Pep Boys Manny, Moe & Jack of California

"Pep Boys", a California Corporation, located and doing business at 311 West

Allegheny Avenue, Philadelphia, Pennsylvania vs. Kent G. Anderson, an individual

doing business at 925 North Griffin, Bismarck, ND 58501 in a brand dispute.

The details are at [TTABVUE USPTO](#) web page.

I'm in a battle for the rights of the brand FUTURE. I don't have the funds to fight this trademark battle. I'm asking for financial help in

have anybody benefiting from this brand with countries working together and sharing the Brand FUTURE, is Kent's motivation for years

Kent Is looking for partners and a law firm as partners to represent the Global people's ideas and rights in federal court VS Pep boys and the FUTURA tire of 1964; FUTURE is new.

<http://www.prweb.com/releases/2007/02/prweb503951.htm>

the form of business loans for a start up business that has been pending for years. Funds and years have been spent applying for the brand FUTURE

in the US, UK and CTM. This brand can be shared so all people and countries

can benefit by The Brand FUTURE For their own ideas, and having a place to realize their ideas for products and services.

As an inventor, I know the challenges that people have to overcome when

they don't have the resources as other do. Their ideas are not heard.

With the brand FUTURE people will be have the opportunity to have their

rights and ideas help create new economies globally.

On May 22, 06 these rights to the brand FUTURE are threatened.

I am looking for funds to equally represent these rights and funds for a start up company.

I want people know who I am and what I believe in.

Please send me your thoughts.

Kind regards,

Kent G Anderson  
Founder/president

#### Summary - story

My Name Is Kent G Anderson. Having big ideas, I had applied for the Brand FUTURE in 2000.

This brand name is to have global meaning to all people; I didn't want to see the brand

FUTURE being controlled. I also wanted to draw attention to the USPTO and how companies

would apply for one good in a class and say that they claim all of the goods in that class.

The individuals with few resources didn't have a chance. It seems to me that everything is

being controlled by the affluent.

I have invested years of my life applying for the Brand FUTURE, only to have companies

apply after me. Chantacile A cosmetic Company of New York applied for Future Skin whereby I had the mark FUTURE LOOK before them. My own attorney In DC worked in their best interest not mine by putting all of the goods and services in the USA, UK, and Europe

in the agreement.

I didn't understand what they were planning. It was posted with the USPTO. I received no

royalties or anything. They are using my own ideas me and using my signature. This huge

intellectual law firm in NY are using my ideas which were met to be used globally. I had

planned to let people share in this brand through licensing the brand to create jobs and

opportunities Their agreement is not fair; they had only cosmetic; class 3 will need to

continue to be pending.

Pep Boys have also opposed FUTURE Brands. They have tires under the FUTURA Brand.

They now want all of Class 12 everything associated and connected to automobiles. My

vision was the Brand FUTURE for automobiles being shared by people who would benefit with the use of their own ideas. Then theres a company In UK FUTURE Publication who want

class 16 and entertainment services. I've made nothing from my ideas and patents.

I need help with advice and funds ,partners to protect this huge portfolio and global rights.

We believe in our visions and have built the brand FUTURE around this vision. With our pending global infrastructure in all sectors, with our pending rights in the USA, UK, CTM. and with the sharing of the brand FUTURE with licensing potential, new jobs and opportunities will allow new infrastructures interconnecting facilities worldwide. With Our brand FUTURE in automobiles etc. and the large pending global infrastructure, new industries will be developed where people will have the means to test and market their ideas in any marketing sector. By working together and combining our resources with Our brands FUTURE and the pending projects in sharing through licensing, benefits can be gained by all people.

GOAL/GLOBAL MISSION AND GLOBAL BUSINESS STRATEGY

\* As one of many, we are strong. Our goal is to secure rights globally to the brand FUTURE, to create global opportunities from the brand so that all people can benefit from the brand FUTURE with their ideas and dreams. Global organizations and companies affiliated with brand FUTURE will create global resources and infrastructures that will allow development of new ideas and a means for new industries to be developed. Global benefits will be created for all people.

\* My vision and belief is that the brand FUTURE has the ability to create opportunities for all people and build new jobs and industries globally. Opportunities will be available to all people, especially the people who have ideas for products and services but do not have the resources. The opportunity would include using their trademarks, copyrights and patents with the brand FUTURE which would help inventors, etc. to be heard and to realize their potential. For example, individual's designs for automobiles etc. would be used and associated with the brand FUTURE. The global infrastructure built with the brand FUTURE would be able to support their efforts with knowledge and resources. By working together with the brand FUTURE and sharing by licensing ideas and products to each other, each individual will benefit from the brand FUTURE. Companies and individual will be allowed separately to benefit from the FUTURE brand globally.

\* Global Trademark Matter: Challenger vs. Kent Anderson over the brand FUTURE. I do not want to see the brand FUTURE controlled by one when it should offer benefits to many. I'm looking for trademark -attorneys who want to help. And Seeking volunteer help .

## Who We Are

I am Kent Anderson, founder and president of Future<sup>SM</sup> Enterprises. The brand FUTURE should be shared to allow people to benefit globally. I know that my plan and the years of my life's work will allow the creation of new jobs globally and create opportunity for others. I am asking for financial help. The brand FUTURE has challengers who have vast financial resources. As an individual, I do not have the financial resources to meet the ongoing cost associated with the global pending infrastructure and for maintaining the intellectual property rights in the USA/UK/CTM. Please address questions and concerns to me.

I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new crossroads to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders; people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world can. This will be accomplished by focusing on the new, not the old TM<sup>SM</sup>.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name Future<sup>SM</sup>. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future Island<sup>SM</sup>, Research centers, retail, health, communications, etc.

One such endeavor would be Future Island<sup>SM</sup>. This unique concept, which has already been initially designed and thought through, would be a very innovative idea, and would allow businesses and industries to come together in one place. By hosting these future facilities in one place, ideas would be able to come together and flourish. Basically, the main goal would be to build a NEW WORLD.<sup>SM</sup>

Qualifications for applicants would include integrity, knowledge, leadership abilities, positive attitude, and training in many different fields of today's industries, so that we may build the new industries for tomorrow. If you would like to be a part of a world leader into the Future<sup>SM</sup>, and to work with some of the best minds and visionaries that will someday build new markets and invest in their abilities and dreams. This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. It is not how much money or power we have, but rather the ability to recognize someone's dream, and to help them accomplish it,<sup>SM</sup> and to test their ideas in any marketing sector<sup>SM</sup> PAT. PEND.

We have spent years of building the brand FUTURE<sup>TM</sup> with our pending rights in USA/UK.

We want to create an open global infrastructures to allow all people and all countries the ability to share the brand FUTURE<sup>TM</sup> and to created and build new industries around it.

We Would Like To Have And To Create An Open Door Policy to Allow New Products To Be Discovered To Benefit Our World . At This Time We Do not solicit New Ideas because We Don't Have The Resources To do So . We Hope Soon To Have Pending Partners And Others Who Want To Join Us So We Can build the projects and Open infrastructure.

You can see our work at [www.uspto.gov](http://www.uspto.gov) search page. Under Trademarks enter the owner's name Kent G Anderson

## Goals

To build something no one has done before<sup>SM</sup>

A place to project into the future<sup>SM</sup>

To build new industries, new products, new markets, etc.<sup>SM</sup>

Building a new world brand<sup>SM</sup> name future<sup>SM</sup>

A place to test your ideas in any marketing sector focused towards our future<sup>SM</sup>

To invest in the people and their ideas and their dreams for our future and the benefit of our world<sup>SM</sup>

## USA PATENTS FOR LICENSE

Looking for manufacturers, entrepreneurs. We believe our patents have global potential.  
 The patents can be viewed at [www.uspto.gov](http://www.uspto.gov). Search under patents and enter patent number.

1. Title: **Method of Making a Pizza with the Crust Being in the center** Patent Number 6077553.

This is a pizza with the pizza toppings on both sides called the Pizza Flip TM. We have also reserved [pizzaflip.com](http://pizzaflip.com) and have created a cartoon character called Pizza Flip for marketing. The market is for vending, frozen foods, restaurants and ovens.

2. Title: **Simulated Time Ship Dining and Entertainment Arrangement** Patent Number 6161341.

Patent is a restaurant simulated time ship. Markets are amusement parks, hotels, shopping centers and restaurants. The patent has detailed drawings.

3. Title: **Vacuum Cleaning System** Patent Number 5870797.

This is a unique self vacuuming and cleaning carpet system. Market includes homes, business, aircraft, boats, automobiles, office buildings and power plants.

4. Title: **Strobe Light for a Vehicle Tire and Wheel** Patent No. 5548274

Virtual Tire Imaging. As the automobile's tires are moving, moving images and written material will be for viewing at night. The patent has detailed drawing.

The market is for automobiles, car shows and special events.

We are looking for TV shows, news shows or talk shows, that want to interview us, to promote our ideas and projects to others; so they may benefit from our ideas. To help others by creating new goods and services by sharing the Brand FUTURE by licensing the BRAND FUTURE and our Intellectual Property to others work together . This creates the infrastructure to allow people to test and to market their ideas in any market sectors.

We plan to help the world and we are looking for people who feel the same as we do.

Below are several examples of patents I have secured, including the Time-Saver SM Self-Cleaning Carpet, Rent & Rescue Toys<sup>SM</sup>, and The Dust Buddies<sup>SM</sup>

If you are interested and feel you have what it takes, please email me and tell me who you are. Talk about your background, and what status you hold in society. What makes you unique or special in this world? What is your track record? Are you interested in investing? I would love to hear from you. Below is my contact information.

# Futurevisionaries.com<sup>SM</sup>

My name is Kent G Anderson I'm the founder /President of FutureVisionaries.com and Global FUTURE Brands ; I want you to know what I've been through and so It may help you . I cant tell you in words how I feel every day I live with this knowing that your ideas your rights to the Brand FUTURE are being taken every day since sept 2004 The Day I was set up In september I Feel like the world Trade Center How I Got destroyed how the world I Had Created Got destroyed

Almost How an agreement was Hidden for more for 2 Years ; An attorney who I Trusted Set Me Up ; I would like you to know the names You The people should contact them write to The USPTO.Gov tell them how you feel I fought for your Global rights and ideas To the Brand FUTURE all I've got is stabbed in the Back and your ideas and ming taken from me . I'm not rich I work a Security

Job at High school ; For Years ; Nor do I Own a New Car or A Home i live at home . I Cant tell you How much is spend In Time allowances For FUTURE ; So many wanting me To Fail So they will get your ideas and Global rights along with Ming ; I Don't Like monopolies ; No press will even do a story on me ;ABC;NBC;CBS;and talk Shows ;Tabloids; Nore Does any attorney want to represent me in Federal Court Because I don't have the money . I have tried I Called nonprofit ; Pro bono; VC ; Angel investors ; Its like you have to live in there city To even get funded ; And they only fund you if your making money

How can I ; Your and my world is being attacked and our own ideas are being used against us; Like you to See PEP BOYS Only has a Tire wheel cover and Hub Caps for FUTURA ; pep boys sued Ford Motor Over the Name FUTURA for a modal of a Car ;I Question why Ford Didn't even fight the Judges Judgment ?

I question why That the USPTO Allowed pep boys to file against our ideas I say its Our ideas Because i was going to let all people and all countries benefit by the Brand For there own ideas ; By the way PEP BOYS 17 Objections vs me For 4 Years are in the discovery Stage need people who cares as I Do ;I need help now funding ; I'm not going to give up on the people and there ideas I Hope daily that I will find a philanthropy ; All I'm finding out that Regardless of your prior pend ideas and Rights ; in countries people lawyers companies will file after you wait . Attack you ; File objections Vs You ; I have been Fighting a war For 7 Years ; even with the trademark office I Challenged them and the way companies have and get monopolies ;

Here are the Names of the people Involved ; I have already visited with my former attorney ;Threatens me ;Denies things ; Ps He doesn't have a law firm he works Now For USPTO ; I wish I could see Paul E FAHRENKOPF Of Washington DC . And Lawrence A Hoffamn in court.Attorney Using my signature and my pend rights In USA And filing from those rights of ours world wide any country before any one else can even file . Further more visiting with Paul I said I'm sure that Chantecaille Beaute Inc have licensers just waiting for my rights ideas To Fall Paul said nervously Aha ;

And Donald Trump Is waiting To Get my ideas For FUTURE For hotels he said Aha The Law firm for Hoffamn In NY is OSTROLENK Faber ,Gerb & Soffen LLP 1180 Avenue of the americas New York ,NY 10036-8403 Tel 2123820700 The Company taking your ideas for years That Opposed me for years applied after me In NY Is Chantecaille Beaute Inc FUTURE SKIN ; And

Oliver Chantecaille VP ; And the Agreement that i was set up in Of Sep 14 2004 ; go into see how they set me up Had the connections To put thru the uspto and to get approved ; This was all planed out we need to challenge these people and all involved and this Law Firm Of NY ; If I have to stand alone for the many I will ; Please write to me call me let me know your thoughts Write to our president Bush I have tried . I even tried to visit with him and Bill Clinton I have ideas that can help our world all people can you here my voice.

Let the FUTURE people voices be heard worldwide, call these people email them share my story all I have is ideas powerful words I look at the past and see how leaders of our country and others stood up for what they believed in best.

JUNE 26 07  
To PEP BOYS OWNER

AND ALL INVOLVED  
AND CORPORATE HEADQUARTERS  
PEP BOYS  
3111 WEST ALLEGHENY AVENUE  
PHILADELPHIA, PA 19132  
PHILADELPHIA COUNTRY

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand.

A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up that was contrary to the original stance. I was disappointed because I had relied on the word of the original intent.

Money and power of your company is at issue here. The FUTURA tire of 1964 is separate from the brand FUTURE.

If this company wanted the FUTURE brand, why hadn't they applied for it before?

My intention is to have the brand FUTURE to have a global infrastructure that would help people. I would very much like to be part of this. A meeting with Mr. Jeffrey Rachor would be appreciated. Please recognize the global benefits of working with me.

If these rights go abandoned, Chantecaille has the Fraud agreement of 2004 set up to get global rights of the people to take this agreement which was set up by my own lawyer in an agreement that was misleading to me.

Your oppositions no. 91157538; 91157768; 91158277; 91158509; 91158520; 91158786; 91159159; 91164461; 91164602; 91165913; 91170501; 91173632 are destroying me and other people globally and their rights to use FUTURE for their own ideas.

Discovery Period to close: 8/3/07; Plaintiff's 30 day testimony period to close 11/1/07; defendant's 30-day testimony period to close: 12/31/07 and Plaintiff's 15-day rebuttal testimony period 2/14/08 is in progress.

Please respond to me concerning these attacks as soon as possible

Note the countries that controlled their technology was left behind of the countries that shared their technology wanted to work with other countries and people Please respond asap Stop your attacks on us the people and our Future

Respectfully submitted

Pep Boys FUTURA Tires For 4 Years VS Brand FUTURE and Kent G. Anderson, an individual, for automobiles, vehicles all goods and services associated and connected to.

Kent Anderson says FUTURA is separate as Pep Boys only has a tire, wheel covers, hub caps For FUTURA; he views FUTURE as separate from FUTURA; and Kent envisions his years and ideas which he had applied to FUTURE In US; UK; Europe can benefit people globally for realizing their own ideas.

The FUTURE belongs to the people; he wants to see that opportunity to be there for them. Kent sees the FUTURE Brand as a global open door infrastructure where all people and countries can bring forth new ideas, as well as, benefit by using their own ideas with the brand name FUTURE. A global revenue stream would help reinvest in people.

Kent envisions a global intellectual property where people can license non exclusive the Brand FUTURE For their own ideas with people and countries working together. The goal of

A Personal letter from kent G Anderson  
President/Founder of FutureVisionaries.com

To: the People , the Visionaries ..

People have a right to know This is the peoples Future.

Bringing this to your attention . The Pep Boys Manny, Moe & Jack of California

"Pep Boys", a California Corporation, located and doing business at 311 West

Allegheny Avenue, Philadelphia, Pennsylvania vs. Kent G. Anderson, an individual

doing business at 925 North Griffin, Bismarck, ND 58501 in a brand dispute.

The details are at [TTABVUE USPTO](#) web page.

I'm in a battle for the rights of the brand FUTURE. I don't have the funds to fight this trademark battle. I'm asking for financial help in

have anybody benefiting from this brand with countries working together and sharing the Brand FUTURE, is Kent's motivation for years

Kent Is looking for partners and a law firm as partners to represent the Global people's ideas and rights in federal court VS Pep boys and the FUTURA tire of 1964; FUTURE is new.

<http://www.prweb.com/releases/2007/02/prweb503951.htm>

the form of business loans for a start up business that has been pending for years. Funds and years have been spent applying for the brand FUTURE

in the US, UK and CTM. This brand can be shared so all people and countries

can benefit by The Brand FUTURE For their own ideas, and having a place to realize their ideas for products and services.

As an inventor, I know the challenges that people have to overcome when

they don't have the resources as other do. Their ideas are not heard.

With the brand FUTURE people will be have the opportunity to have their

rights and ideas help create new economies globally.

On May 22, 06 these rights to the brand FUTURE are threatened.

I am looking for funds to equally represent these rights and funds for a start up company.

I want people know who I am and what I believe in.

Please send me your thoughts.

Kind regards,

Kent G Anderson  
Founder/president

#### Summary - story

My Name Is Kent G Anderson. Having big ideas, I had applied for the Brand FUTURE in 2000.

This brand name is to have global meaning to all people; I didn't want to see the brand

FUTURE being controlled. I also wanted to draw attention to the USPTO and how companies

would apply for one good in a class and say that they claim all of the goods in that class.

The individuals with few resources didn't have a chance. It seems to me that everything is

being controlled by the affluent.

I have invested years of my life applying for the Brand FUTURE, only to have companies

apply after me. Chantacile A cosmetic Company of New York applied for Future Skin whereby I had the mark FUTURE LOOK before them. My own attorney in DC worked in their best interest not mine by putting all of the goods and services in the USA, UK, and Europe

in the agreement.

I didn't understand what they were planning. It was posted with the USPTO. I received no

royalties or anything. They are using my own ideas and using my signature. This huge

intellectual law firm in NY are using my ideas which were met to be used globally. I had

planned to let people share in this brand through licensing the brand to create jobs and

opportunities Their agreement is not fair; they had only cosmetic; class 3 will need to

continue to be pending.

Pep Boys have also opposed FUTURE Brands. They have tires under the FUTURA Brand.

They now want all of Class 12 everything associated and connected to automobiles. My

vision was the Brand FUTURE for automobiles being shared by people who would benefit with the use of their own ideas. Then there's a company in UK FUTURE Publication who want

class 16 and entertainment services. I've made nothing from my ideas and patents.

I need help with advice and funds ,partners to protect this huge portfolio and global rights.

We believe in our visions and have built the brand FUTURE around this vision. With our pending global infrastructure in all sectors, with our pending rights in the USA, UK, CTM, and with the sharing of the brand FUTURE with licensing potential, new jobs and opportunities will allow new infrastructures interconnecting facilities worldwide. With Our brand FUTURE in automobiles etc. and the large pending global infrastructure, new industries will be developed where people will have the means to test and market their ideas in any marketing sector. By working together and combining our resources with Our brands FUTURE and the pending projects in sharing through licensing, benefits can be gained by all people.

GOAL/GLOBAL MISSION AND GLOBAL BUSINESS STRATEGY

\* As one of many, we are strong. Our goal is to secure rights globally to the brand FUTURE, to create global opportunities from the brand so that all people can benefit from the brand FUTURE with their ideas and dreams. Global organizations and companies affiliated with brand FUTURE will create global resources and infrastructures that will allow development of new ideas and a means for new industries to be developed. Global benefits will be created for all people.

\* My vision and belief is that the brand FUTURE has the ability to create opportunities for all people and build new jobs and industries globally. Opportunities will be available to all people, especially the people who have ideas for products and services but do not have the resources. The opportunity would include using their trademarks, copyrights and patents with the brand FUTURE which would help inventors, etc. to be heard and to realize their potential. For example, individual's designs for automobiles etc. would be used and associated with the brand FUTURE. The global infrastructure built with the brand FUTURE would be able to support their efforts with knowledge and resources. By working together with the brand FUTURE and sharing by licensing ideas and products to each other, each individual will benefit from the brand FUTURE. Companies and individual will be allowed separately to benefit from the FUTURE brand globally.

\* Global Trademark Matter: Challenger vs. Kent Anderson over the brand FUTURE. I do not want to see the brand FUTURE controlled by one when it should offer benefits to many. I'm looking for trademark -attorneys who want to help. And Seeking volunteer help .

## Who We Are

I am Kent Anderson, founder and president of Future<sup>SM</sup> Enterprises. The brand FUTURE should be shared to allow people to benefit globally. I know that my plan and the years of my life's work will allow the creation of new jobs globally and create opportunity for others. I am asking for financial help. The brand FUTURE has challengers who have vast financial resources. As an individual, I do not have the financial resources to meet the ongoing cost associated with the global pending infrastructure and for maintaining the intellectual property rights in the USA/UK/CTM. Please address questions and concerns to me.

I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new crossroads to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders; people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world can. This will be accomplished by focusing on the new, not the old TM <sup>SM</sup>.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name Future<sup>SM</sup>. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future Island<sup>SM</sup>, Research centers, retail, health, communications, etc.

One such endeavor would be Future Island<sup>SM</sup>. This unique concept, which has already been initially designed and thought through, would be a very innovative idea, and would allow businesses and industries to come together in one place. By hosting these future facilities in one place, ideas would be able to come together and flourish. Basically, the main goal would be to build a NEW WORLD.<sup>SM</sup>

Qualifications for applicants would include integrity, knowledge, leadership abilities, positive attitude, and training in many different fields of today's industries, so that we may build the new industries for tomorrow. If you would like to be a part of a world leader into the Future<sup>SM</sup>, and to work with some of the best minds and visionaries that will someday build new markets and invest in their abilities and dreams. This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. It is not how much money or power we have, but rather the ability to recognize someone's dream, and to help them accomplish it,<sup>SM</sup> and to test their ideas in any marketing sector<sup>SM</sup> PAT. PEND.

We have spent years of building the brand FUTURE<sup>TM</sup> with our pending rights in USA/UK.

We want to create an open global infrastructures to allow all people and all countries the ability to share the brand FUTURE<sup>TM</sup> and to created and build new industries around it.

We Would Like To Have And To Create An Open Door Policy to Allow New Products To Be Discovered To Benefit Our World . At This Time We Do not solicit New Ideas because We Don't Have The Resources To do So . We Hope Soon To Have Pending Partners And Others Who Want To Join Us So We Can build the projects and Open infrastructure.

You can see our work at [www.uspto.gov](http://www.uspto.gov) search page. Under Trademarks enter the owner's name Kent G Anderson

## Goals

To build something no one has done before<sup>SM</sup>

A place to project into the future<sup>SM</sup>

To build new industries, new products, new markets, etc.<sup>SM</sup>

Building a new world brand<sup>SM</sup> name future<sup>SM</sup>

A place to test your ideas in any marketing sector focused towards our future<sup>SM</sup>

To invest in the people and their ideas and their dreams for our future and the benefit of our world<sup>SM</sup>

## USA PATENTS FOR LICENSE

Looking for manufacturers, entrepreneurs. We believe our patents have global potential.  
 The patents can be viewed at [www.uspto.gov](http://www.uspto.gov). Search under patents and enter patent number.

- Title: Method of Making a Pizza with the Crust Being in the center** Patent Number 6077553.  
 This is a pizza with the pizza toppings on both sides called the Pizza Flip TM. We have also reserved [pizzaflip.com](http://pizzaflip.com) and have created a cartoon character called Pizza Flip for marketing. The market is for vending, frozen foods, restaurants and ovens.
- Title: Simulated Time Ship Dining and Entertainment Arrangement** Patent Number 6161341.  
 Patent is a restaurant simulated time ship. Markets are amusement parks, hotels, shopping centers and restaurants. The patent has detailed drawings.
- Title: Vacuum Cleaning System** Patent Number 5870797.  
 This is a unique self vacuuming and cleaning carpet system. Market includes homes, business, aircraft, boats, automobiles, office buildings and power plants.
- Title: Strobe Light for a Vehicle Tire and Wheel** Patent No. 5548274  
**Virtual Tire Imaging.** As the automobile's tires are moving, moving images and written material will be for viewing at night. The patent has detailed drawing.

The market is for automobiles, car shows and special events.

We are looking for TV shows, news shows or talk shows, that want to interview us, to promote our ideas and projects to others; so they may benefit from our ideas. To help others by creating new goods and services by sharing the Brand FUTURE by licensing the BRAND FUTURE and our Intellectual Property to others work together. This creates the infrastructure to allow people to test and to market their ideas in any market sectors.

We plan to help the world and we are looking for people who feel the same as we do.

Below are several examples of patents I have secured, including the Time-Saver SM Self-Cleaning Carpet, Rent & Rescue Toys SM, and The Dust Buddies SM

If you are interested and feel you have what it takes, please email me and tell me who you are. Talk about your background, and what status you hold in society. What makes you unique or special in this world? What is your track record? Are you interested in investing? I would love to hear from you. Below is my contact information.

### **back ground of the invention**

The present invention to relate to process of doing business and a method etc of building infrastructures future brands etc and on-line huge infrastructures to market to test ideas etc. on online and in the real marketplace etc . and related protecting rights there of and also identify new markets etc built around them and also by testing and marketing and promoting etc. in a in any all marketing sectors and markets etc identify markets built around those marketing sectors the main scope of the invention is a method etc of doing business because stores and businesses sell the similar products only difference is designed the marketing and promoting the same goods it etc. different by the name there needs to be an open market to bring in new goods and products etc. n specially futures-related it that is what in why future is original n New deals with any marketing sector company etc. these days are specialized future deals with any marketing market product goods expectely building new markets and products and services etc. from the ideas etc. people have and have not even been discovered yet

New ideas from the people huge because future we will be bringing in new products and infrastructures deals and any marketing sector thereof n products goods n services n trade that person thinks up etc. n incomfances a place person holds in society a a language writing touch feel of thought word etc. anything that can be protected relates will be identified and marketed etc. through this huge arena of interconnected etc. infrastructures etc. anything of now and in whit deals with the future etc.

huge intellectual property rights etc. license in promoting etc. building a new infrastructures with new products and services and interconnecting huge infrastructures and by building infrastructure of future brands etc. identify any huge

into any marketing sector.

business means or methods with identifying intellectual property rights will securing the rights to the name and to identify future rights to the name etc. identifying future products, industries and markets as new intellectual property under the brand Future, by building interconnecting infrastructures, and by investing intellectual properties of other entities and also by identifying Future with the new at the old tm. Included will be that all people will have a chance to bring in new ideas, products and services and to invest in these innovations. For people who want to be affiliated with the brands in the name or names which identifies Future, the name rights, intellectual property rights and methods will be secured which will allow people to build and interconnect infrastructures and allow people to test these ideas in any marketing sector including on-line.

In the building of those markets etc. in the name Future around those sectors with new products and services, building themes and market places that are futuristic in design that represent the infrastructure will be unique. Products and services of any industry may be included in a futuristic designed like city where goods, services and industries can be launched and branched out to any marketing sector with building of infrastructures around the new products with Future brands or name. Included would be retail stores, entertainment sector, transportation services, industrial services, health care services, financial-services, etc. especially relating to and creating of new services and goods and products under the Future name etc. The intent is to build those sectors and markets and new markets under that name etc; to invest in people and their ideas in any marketing sector and to build those sectors that are new or not in existence at this time. This includes any company or industry etc. that deals with goods/products and services thought of in the future. It deals with a thought that could be created into a service or product etc. and the design means for the products, the services and marketing with the ability to build a huge infrastructures around those new ideas and markets and so forth. The intent is to discover new products and intellectual property and build markets around those, such as, to provide interconnecting of networks worldwide in order to read stories live via on-line to call upon those readers anywhere at any time to promote reading. Testing and marketing of people's ideas, providing and building new infrastructures and interconnecting with other infrastructures would include internet and new media services.

### **Summary of the invention**

This invention relates to process methods etc. of building and securing all intellectual property rights identified with Future trademark/trademarks rights and intellectual rights etc. which deals with NOW and of the future, especially the future services, goods, products and intellectual property. Protection of intellectual property rights to services products etc. of now and of the future

under the name. Also to be protected is the business method of testing in any marketing sector including on-line services. This would include any and products in any and all fields and markets and the on-line services, where and products to be tested out electronically. This invention is a method of doing business by testing, producing, marketing, advertising, and building infrastructures markets and so forth. interconnecting infrastructures etc. markets and so forth.

For example, by interconnecting live story readers live via Internet called upon by clients worldwide, there can be accessed live stories read live in any language. through a web site which identifies and calls on specific readers. The invention of method will include with many examples and creations with many infrastructures, online and in the real world to test and to market any thing by any means or methods of creating new ideas.

The method of protecting intellectual property is by having any means in which to identify any services and goods and apply to online web page with only one example. Then have every goods and services listed that identifies a name Future not limited to sm/ tm. Usage will be shown, with claiming rights, and licensing under intellectual property rights.

The following will help further explain the invention and the business methods; as follows, to build a place futuristic in designs and themes which encompasses any industry and services etc. and a place to launch new products and services with industries. Everything will be related to the future with a place like a futuristic city that encompasses research centers, industry and commerce, etc. especially focusing on and representing new goods or products that haven't been thought of or produced.

An object of the invention is the method of building a unique infrastructure in which to identify new products, process methods, intellectual properties and to launch new products and services under the Future name. Also markets will be identified and infrastructures built online to interconnect and allow ideas and products to be tested in any marketing sector. On-line interconnecting of networks will provide any means to test etc. people's ideas and Intellectual properties by any and all means and to build markets to license intellectual properties.

Another object of the invention is the methods-process of creating and securing legal rights to the use of the name Future with methods, intellectual properties, and in any marketing sector new products, new services, licenses, etc. for those goods and services that are created from new ideas, products and intellectual properties that are discovered and tested. Included will be the licensing of the new products, goods and services and the building of distribution channels etc. around those new markets, infrastructures, networks online, so forth.

Another object of the invention is to build an infrastructure with infrastructures within for the different properties and intellectual properties and to create unique markets infrastructures with the franchises, rights, license and to build those markets around those sectors and so on .

Another object of invention is to provide infrastructures to test ideas, products,

## **...ed description of the invention**

**Example one is to build infrastructures by any all means within a huge entity etc. identifying rights to products n services etc. that are new etc. been built those infrastructures , methods markets products etc. around those entities Interconnect etc. thereof**

**Example 2 is to build and protect the name of future etc. and the rights to identify products and services methods by the name etc. and to build new industries markets etc. under the name, etc. and also to create new ideas and markets etc. into identified these entities by the future name etc. and to build these infrastructures around those entities and to provide an arena to test people's ideas in any marketing sector and to protect those rights dealing with any intellectual rights so on and to build infrastructures online and in the real world so on identifying new products and services and to build those infrastructures and markets etc. into Interconnect so on by any all means**

**Examples three is to create future etc. entities in which to develop products etc. in Intellectual property n to market those new products and services in any marketing sector by any all methods interconnecting markets and infrastructures in any and all structures and markets etc.**

**Example 4 is to build infrastructure etc. identify many different entities services and goods and products etc. the place to test all ideas in any markings sector and meet business leaders etc. every detail the futuristic type structure etc. is futuristic and the stores etc. manufacturing etc. the like year and a futuristic types city encompasses research centers museum theaters retail stores , radio and TV broadcasting, centers, so on any identifying services and any all class's and fields and classified as such and in all products goods or services that can be created and thought of etc. of know services future can be in a superstructure etc. every detail and related products will be futuristic and futures-related in New deal with many issues also be a world headquarters deal with new entertainment launching promoting etc. new industries products goods promoting a launching etc. deal with any marketing sector etc. product or a good or services identifies as the future of positive enforcement be a place to pool ideas n money for projects amenities will also have its own financial services future bank does not look at a person's assets but identifies them with the dreams and ideas hopes are place etc. make it easy to find the finances partners and a place to meet all kinds of people and leaders need to be away tm to find partners and finance it must focus on the benefit for all people it is on fortune nt this world is divided by the rich and the poor in our religions skin**

*Also by license to the future  
every thing*

*44-1-1*

by new products methods etc. and to launch new products and services  
the future name etc. methods businesses markets etc. n to build the rights  
actual property under the future name in to identify those markets and also  
it infrastructures online in which to interconnect in which to allow to test and to  
arket people's ideas in any marketing sector and on-line interconnecting of  
etworks etc. it to provide and to provide any means test etc. people's ideas etc.  
tellectual property etc. by any n all means and building markets etc.

another object of the invention is the methods of creating in securing legal rights to  
he use of the name future, etc methods, intellectual property, and in any marketing  
ectors in to build new products new services licenses, in all sectors from those  
oods and services that are created from new ideas and products and intellectual  
nd property  
are discovered toby testing of the products etc.n licensing of the new products n  
oods and services and building those distribution channels etc. are around those  
new markets and infrastructures so forth interconnecting networks online etc.

Another object of invention is to build huge infrastructure in the different properties  
and intellectual properties build other infrastructures within etc. and to create  
unique markets infrastructures sectors etc. the franchise to license etc. the rights  
and also to build those markets around those sectors and so on

Another object of invention is to provide meny infrastructures to test anything  
through any all means any of all means and by on-line means test products markets  
ideas etc. an interconnecting infrastructures etc. channels through new products  
and services etc. in on-line connecting of live story readers worldwide anywhere  
In to have a site that which to choose what reader to choose in which story to hear by  
the live reader in any language etc. n to build and to build a and to launch new  
businesses etc online and to license etc. the rights and also to build those markets  
Around those sectors and so on .

Another object of invention is to provide meny infrastructures to test anything toby  
any all means in by on-line means to test products markets ideas etc , produce etc.  
and build new markets etc. and interconnecting and building infrastructures and  
creating channels distributorships through new products and services etc  
An on-line connecting of live story readers worldwide in to call upon readers live  
anywhere and to hear stories read by live readers in any language etc. into build n  
to launch new businesses online and to license etc. different means methods of  
doing anything on  
Building new services etc. licenses etc.

over new products and intellectual property and build markets etc. the  
those and also to provide interconnecting of networks worldwide in to read  
es live via on-line it to call upon those readers anywhere at any time to promote  
ding etc. any on-line services providing and building new any infrastructures  
d marketing and testing people's ideas and any marketing sector etc. building in  
e infrastructures and interconnecting with other infrastructures and building new  
and zero visitors of e of a it out a it the year all their it a Greek wire all zero it wrong  
I aware hair relative are rare in a-half lead what is, the face and a very rare day  
as there are it is a health of the age. Is it a it all a small a news the seventh half of  
I it is a and since the way I it will encourage and at every oil and news services  
ates huge arena that test into market people's ideas and any marketing sector -

### **Summary of the invention**

his invention relates to process methods etc. of building and securing all  
intellectual property rights identify with future trademark etc. rights intellectual  
rights etc. in with deals with deals with NOW and of the future and especially of the  
future services goods products n intellectual property , and identify in protecting  
intellectual property rights to services products etc. of now and of the future  
n by securing the rights to the name etc. future etc in by building industries markets  
nder the name ,etc. the business methods etc. of testing products and any  
marketing sector including on-line services in any ideas in any in all fields and  
markets and the on-line services any ideas and products to be tested out  
electronically by any and all means this deals with any marketing sector n products  
n the building huge infrastructures etc. this invention a method etc of doing business  
etc. market test advertise etc.  
and building in interconnecting infrastructures etc. markets and so forth and also by  
nterconnecting live story readers live and V I Internet called upon BY our our  
clients worldwide there can be accessed to your live stories read live in a language  
and also access web site in which identify is also call upon it live readers etc. will will  
deal with meny examples N CREATING Many infrastructures Online and in the real  
world etc. to tes n to market any thing by any all means .

the following objects will help further explain the invention n the business methods  
etc. as follows to build a place futuristic in designs and themes encompasses any  
industry's and stores and services etc be a place to launch a new products industries  
etc. everything will be related to the future will be like a city etc. place futuristic that  
encompasses research centers etc. any industry and stores etc. especially focusing  
on representing new industries etc. products n goods and infrastructures markets  
etc. of now n specaly of the future haven't even been made yet or thought of

Another object of the invention is method of building a unique infrastructure in which

in which deals with the new and not the old in which people can test etc. n  
ch new products and services and ideas in any market sectors set forth  
ified w new ideas and products and patents etc. and build new company's  
products and services around those goods and products and services and by  
identify new classifications new patent rights etc. and to launch new products and  
services and ideas and any marketing sector set forth also for use on huge project  
dealing w being in it with futuristic designs etc. in which also encompasses a place  
where people can test their ideas and any marketing sector this place to encompass  
future themes retail stores hotels and motels it said the even a city in which  
identified with the name future etc. represents the research and industries  
everything we have in this world dealing with any new any product and/or service  
etc. is also feature future TV broadcasting museums theaters stores industries  
research centers , manufacturing etc. huge place for people can test ideas and any  
marketing sector meet business leaders, place the test in to market their ideas and  
any marketing sector the business methods and demans and with of identifying  
intellectual property rights in by securing the rights to the name and to identify  
uture rights to the name etc. and identifying future industries and markets and  
products and new intellectual property under the brand future etc. and building huge  
interconnecting infrastructures etc. Important for the success and by investing in  
properties intellectual properties of others entities and also identify future etc. with  
he new not the old tm an is to give all people a chance to bring in new products  
ervices and to invest in them also there be unique in which a huge amounts of  
eople want to be affiliated with the brands in the name etc. even thoe there is other  
ames in which identifies future by securing the name rights and intellectual  
roperty rights and methods in which will allow people to build n interconnect  
frastructures n on-line which people can test these ideas any marketing sector  
cluding on-line

the building those markets etc. in the name, etc. around those sectors and new  
products and services etc. is new and unique also by building them and stores etc  
aces that are futuristic in design and to represent this huge infrastructures  
c. identify any industry - products and services and means also to build a huge  
ace futuristic design like city made up of it to make n made up of any goods and  
ervices and industries any place and then can launch and branch out any marketing  
ctors and Build infrastructures around those new products etc. future etc. brands  
ethods

deals with retail stores entertainments sector transportation services industrial  
rvice, health care services, financial-services, etc. especially relating to creating  
w services and goods and products under the future name etc. and building those  
ctors and markets and new markets under that name etc. and by investing in  
ople and their ideas in any marketing sector n by building those sectors that don't  
ist right now that is a new this deals with any company etc. that deals and any  
dustry and or service in or good or product thought etc n n in the future  
deals with a thought that could be created into a service or product etc. and  
signed means the products the services and marketing and the ability to build a  
ge infrastructures is unique n around those new markets and ideas and so forth

rates as human beings become the rich and the poor we look at the person dreams their abilities this company will be huge with the ability of marketing products and any marketing sector and on-line in their own markets worldwide way it will have to say not to worry about competitors work as team also future als with creating it own unique society that language etc , etc etc. that can be otected and serve the world in the future would be very beneficial to protect the knowledge of thinking positive not negative no prejudiced stand as one for our world. by marketing and producing products and distributing the new products and eas including building huge infrastructures and markets to test people's ideas and y markings sector by any all means to focus on the people's ideas and dreams not w much they have it is beneficial for a world

imed six is a futuristic city etc. on an island cetera huge everything is futuristic to a place place to test ideas etc in any and all marketing sectors and to franchise to market to other entities also to work together to discover new services in elling techniques to save lives by securing the intellectual and copyrights etc to v products and services etc. and also franchising etc. those rrights and also this ity or corporation will capture a unique market in which people want to do iness in which to identify and sells with future huge the place to future HealthCare er Ideas with professional doctors a matter who you are it doesn't matter don't ie from Harvard or have the power money will listen to you the hugely dealership ell future leader automobiles to be placed a museum etc libraries meet onaires ,Princess it said from the place to test out new sports ideas and new rtainment to launch to promote dance artist etc. under the future brand's etc rink live the future etc every product services etc. will have research centers y companies financial-services in which will not look to assets but should ms what are the dreams to benefit our world it cued to be a TV broadcasting e promoting TV stars etc. this will identify with the new not old the tone society try founded on the ever forefathers in their dreams values positive leadership es their honorable and in building huge infrastructures interconnecting orks but any all means in which to test ideas etc. by any all means online and to be able to be stories live anywhere in the world into interconnect and readers y all means in any all languages when called upon by clients and also online connecting networks any and all fields class's etc. and which attests people's ; by any no means, on-line and in the industry retail and any and all sectors of of .

is seven to market to promote etc future future etc. bran's in any and all of eting sectors and products in goods and services etc. into build develop ote market distributorships to build a new markets infrastructures etc. and these new markets in sectors etc. into specially identify the brands name etc in oral property and the word future and not limited to the brand's future but to ods and Ways and Means in which to build structures and to be able to test into

Services create infrastructures around those new services and interconnect markets so forth an on-line will build huge infrastructure is to identify any services and goods and products and methods in which to test ideas anything in which can be thought of it created and made can be tested out by any and all means on-line. will build huge infrastructure service in good services and build interconnecting infrastructures markets etc. industries

etc.

**Claim 4** the method will include any and all infrastructures markets distributorships sectors and any all fields in which deal with any all markets products and goods and services especially relating to the future the method will include any infrastructures etc. will discover new products etc. markets etc. also the name future has many rights in which the name also can be attached on to other names more opportunities to launch new services etc. under the future, etc. names.

Products and services that don't even have yet have been created yet to secure legal rights to patents trademarks and intellectual property from which the properties will be discovered to build the infrastructures and discovering new ideas and products. upon access services that can be created by thought process and has to do with the human being it surroundings etc. any invention or device that can be created that can be sold marketed etc. and that serves a purpose will be claimed the right to future etc. brands etc. and to build a new markets new products services infrastructures networking and build markets in which people can test ideas anything that can be thought of by any all means in any market sector on-line. by interconnecting networks and having means to identify online with any industry and marketplace and interconnecting services so any all products and services can be marketed etc. and promoted and tested in any marketing sectors by any all means set forth.

**Claim five** is to build a new world brand name future and not limited to the name future etc will provide which no other company in the world can offer to build new markets and products and services around New discovered properties so forth in interconnecting of networks and building new markets new infrastructures distributorships trademark patent rights intellectual rights around these new discovered properties and connecting of those networks and products services and franchising and licensing and distributing and building channels around those new Discover properties and so forth in this to build futuristic etc. city services products in goods will be identified no other company world can offer so huge this city will encompass infrastructures retail sector financial sector museum's sector educational sector health care sector online sector utility sector hotels and motels and resorts sectors industrial sector research sector entertainments sector huge every industry markets any all special services and products be the place to meet it business leaders to bring down barriers

ple in the benefit of our world

Example nine is to create a means and with to allow people to test their ideas etc. by any electronic all means etc an on-line into interconnect other networks etc. Feature will build a new world tm huge creat new products and services etc. to build marketing channels distributorships infrastructures etc. working with other entities and licensing etc. for the benefit of all

Now referring to the claims

Claim one is a method to build huge infrastructures methods distributorships markets structures etc. in which to test people's ideas etc in any marketing sector etc. It to market products goods anything in any marketing sector and build infrastructures in markets around any products goods markets n services goods means ect n online and on-line services interconnecting networks by means n which will allow to test people's ideas products goods by any all means online and build marketing and infrastructures around those new products and goods and services ect .

Claim 2 the method of building this huge establishment etc. in which encompasses a y industry and services dealing with any n all marketing sectors and by producing marketing creating distributorships infrastructures etc. Under the future, etc brand names etc and marketing products and goods and services etc. to others and also by building infrastructures around both said products and others so forth around new products and services and intellectual property discovered by the new ideas and new products and then build markets in infrastructures are around those new ideas and products and intellectual property and so on .

Claim three is to create huge infrastructures methods were products and ideas etc. can be tested in any marketing sector by any of all means it also where future industries interconnects so there remain with the main group and to invest and other companies etc. future will be claiming new technology etc and market the products and finance the products would own channels and resources and also will market and test people's ideas in any marketing sector and represent new ideas and new products and new intellectual property under the future name etc and intellectual property and not limited to the future name it will build a infrastructures and markets and franchises in infrastructures built round of new products new patents

ed to be a place built where we can work together for the benefit of all  
nd we need to bring down those barriers that separate us.

#### **Example 4 continued**

Also to create new jobs Online Online and new opportunities and connecting  
networks and building new methods new products and services and creating by the  
future name etc. and building new infrastructures new markets new ways new  
means to create new dreams for people also to read stories like anywhere in this  
world and the call upon those readers etc. it to hear their stories stores readers tell  
their own language etc any and all time and building infrastructures methods  
licensing channels etc.

**Example five** securing the rights under name future, and not limited to the name  
future to include etc in any markings sector and to build new means New Products  
news services infrastructures and places an on-line to provide a place where people  
can test Ideas s In any marketing sectors by any all means it to launch new products  
under the future name etc. and those new products etc. build unique markets around  
sectors products methods and interconnecting infrastructures etc. and so forth

#### **Example six**

is a method of creating new languages etc writings, art , taist touch feel etc  
new products etc. that can be created by the  
mind and invented for the human being and its surroundings and that has a use etc.  
can be used created and sold it can be identified by name future etc. and protected in  
intellectual property rights in to build those markets and infrastructures in channels  
etc. so forth

#### **Example seven**

building huge infrastructures methods markets distributorships etc. in which deals  
with any marketing sector any product or good s anything that can be created  
marketed and sold these products it or services will be identified by name future the  
not limited to the name future etc in New of intellectual property and rights also  
many names can be attached on to the name future and etc. providing more rights  
ways n by creating new products n services n by creating those markets and open  
structures around those sector so forth .

#### **Example eight**

s creating a huge future city , theams , etc. self-contained and operated city people  
that have the goals and values to carry on to other generations of leaders who care

Claim 13 is too great infrastructures in to discover new technology and patents etc. building infrastructures markets distributorships from those intellectual properties and interconnected huge infrastructures n networks and identify with names ETC and so on interconnect network and marketing test market promote and make new identification of class's define new products markets patents and building new markets and infrastructures and sectors around those newly discovered markets patents and interconnecting of the network's on-line in the retail world not limited to just online but interconnecting in building networks markets by any all means.

Claim 14 claim the method of doing business of connecting infrastructures building infrastructures interconnecting infrastructures building methods structures or arena distributorships mean s markets and to interconnect and to represent any marketing sector any product and good or service in which can be thought of And build huge infrastructures and interconnecting infrastructures by means in which to loud protest people's ideas or anything by any all means and to build new infrastructures new products and services and to protect new intellectual property rights thoughts etc it can be identified and related to the future and not limited to the future it demeans the methods the way of treating huge industries which to interconnect and allow a means to test to market to develop new ideas to discover new products and services all means there of their four

Claim 15 to build structures cities enties in which encompasses utilities except designs and which are futuristic and futures-related it been abide identified by the future of name etc. and to protect all intellectual property rights that can be protected in which identifies the future in which to build and encompasses the future build in connecting infrastructures but any all means in which will allow all idea is to promote to market ideas in any all marketing sectors

#### **Abstract of the invention**

Method of doing business etc. of building structures infrastructures markets methods products services . Intellectual property etc interconnecting infrastructures etc . that will test market produce advertises etc in any and all all marketing sectors and make a product ngoods service deals with any service of now and especially of the future and to discover new technology products etc . with the name name future etc and building infrastructures deals with

in which doing business is an interconnecting and testing and marketing noting and discovering new products and new ideas and new infrastructures building huge infrastructures markets products goods and services are around new products goods and services and intellectual property rights in which these huge infrastructure is online and in the retail sectors industrial sectors anything which can be identified as service it good or products and can be protected can be identified by name or trademark or patents this is which is being protected the methods and any all which is claimed in which can be claimed . any and all means of going business methods building promoting etc. interconnecting huge industries markets products and goods so forth.

Claim 10 regardless of the name also claiming the process the methods building markets interconnecting markets and infrastructures etc. anything on line in which will make it possible to test people's ideas and any marketing sector market people's ideas and any mark in sector research people psyches and any markings sector anything that can be done on the online and tested in building a new market sectors etc. I claim and any and all ways in which of doing business is an interconnecting infrastructures and building new networks and products and goods by a newly discovered patents and an intellectual property rights I am aware that the rear rotor of the to build a new products and ideas and services around the newly discovered ideas and products which to be identified by name future and not limited to this name the net that's the process the way the thinking

Claim 11 claim that retail store sector's financial sectors entertainment sectors research sector a regular TV broadcasting sector online sector health care sector any service in any industry identified as such be interconnected and able to test into market products etc. ideas and any marketing sectors and clean the methods in a way in the means and any all means of testing by any and all, means

Claim 12 to discover new new technology news service is a new ways of doing business is a new products new intellectual property rights etc Unclaimed those rights etc unclaimed those rights and build a new industries and so on the newly discovered products and intellectual properties in network's on-line interconnecting networks online setter to market promote and to license intellectual property by any all means and to be able to test people's ideas and markets and products online by any all means an electronic and Means any all services of now in

as products etc. and any marketing sector and to discover new products means by vision and discover new products and intellectual property and markets around those new goods and products and intellectual property to identify and make a new classes to identify those services special on intellectual property rights in protecting etc and promoting those new services and goods under the future brands etc. Keep open door policy to look for new ideas etc creat new entity and to create huge infrastructures n by on-line means in which to market and distribute and to build creat new ways for people's ideas etc. or anything in which created by thought process in which deals with any marketing structure or person or structure or a human being surroundings in which to be tested and marketed n in sold and marketed through any marketing sector by connecting networks by any means in by electronic means etc building marketing sectors infrastructures the on new products and services etc. and new products and services etc anything that can be thought of in crated for society etc. done with our environments or social standing our trade etc in building infrastructures n interconnecting infrastructures  
Online into test n to evaluate anything in any it all marketing sectors and interconnecting of networks by any all means online in interconecting readers vi. online interconnecting r eaders etc worldwide in which to read stories live via the Internet anywhere in the world access web sites to call upon the reader in the language this or people can promote new licenses franchises distributorships creating new ideas and businesses in any marketing sector for any all goods n services that can be identified as a service or good or product it can be marketed promoted and sold to create a new company etc. on line and build and interconnect tolls so forth infrastructures . and in any and all industries by any all means not limited by just online .

Clame eight methods etc. building connecting infrastructures markets Web sites Etc. in which to allow it to test and to market and to advertise etc by any all means in any all marketing sectors industries markets and industries of the world etc

Claimed nine to invent promote make- manufacturers sell market license build create anything into market it promoted it etc under the future of name etc. an electoral property rights in to invent to discover new classes to license the future rights in to build interconnect huge infrastructures dealing with any marketing sector and to create new markets any services etc. online interconnecting networks words etc. any all n thought processes test market promote by any it all means anything which can be thought of in created tested market it employed by any and all means online and to develop new markets in infrastructures and any all fields into and all fields and interconnecting markets so forth the method ways etc

actual property testing marketing industries etc any and all class's and  
sectors n-by any all means on-line means electronic means and identify  
products and services etc access information etc anywhere etc  
establishing of legal rights to the brand's future etc. and also building those markets  
around any new products and goods and services etc in build futuristic city on  
island etc featuring future hotel motel resorts libraries and museums video TV  
broadcasting entertainment retail stores shopping malls grocery stores gas  
stations theaters in health care services research center transportation services  
research centers etc etc , unique features the designs every detail ect will be  
futures-related a huge type future city self-contained manufacturing's services in  
electoral services etc , utility and anal services products and goods can be  
manufactured promote etc and building new infrastructures in markets in sectors  
around those newly discovered goods and products promote services products in  
goods city will feature rotating stores it solar power its own amusement parks also  
be like society owe language writing etc  
Anything can be protected will be can be seen by others to generations to prosper  
future generations etc are services and products in goods and to work with other  
entities etc , beneficial all to build new markets products etc and to promote in to  
promote intellectually and for the new products and good in services any thought to  
any invention than build those markets and a infrastructures around those new-  
product goods and services and ideas it to build those marketing and markets and  
infrastructures are rentals in goods and product etc, interconnecting  
infrastructures building markets distributorships sectors to test advertise etc  
Anything under the future name etc in not limited to the name but also to include  
themethods the Ways and Means building infrastructures and on-line of intellectual  
property rights to be able to interconnect networks markets Web sites except and  
companies and corporations and entities pale to test by any all means to market  
people's ideas - building infrastructures networks building marketing promoting  
attesting ideas but any and all means online do with any entity market sectors  
servers goods or products anything that to be created marketed and sold and  
invented the detested the market it promoted on the on-line by any and all means  
online except for industry to the World Industries and any all means of building a  
constructors markets products and goods and methods in which will protect it to  
great huge impact structures industries corporations to test to market to promote  
any products to discover new ways of doing things etc .

to test and to market ideas in any marketing sector, so forth.

process method is the creation and building of connecting infrastructure on line with web sites, etc. to allow testing, advertisement, marketing by any all means in any and all marketing sectors and industries of the world. New ideas can be incorporated with other ideas for the creation of new products and services. Usage rights to a name brand and ideas could include every classification services such as retail store, industrial, entertainment, education, radio//TV broadcasting, hotel, and any and all of services of now and of the future. Any name identified with products and services online establishes usage and legal rights and is classified as intellectual property licensing, so forth.

claim 9 process method to invent or create and promote for manufacturers to manufacture and market licensed products under the Future name or names with intellectual property rights and to invent or discover new classes to license the future rights. Interconnect infrastructures dealing with any marketing sector will be built. New markets for products and any services will be online interconnecting networks using websights where any and all thought processes can be tested, marketed and promoted by any and all means in and all fields. Interconnecting markets, so forth, and the method ways and means in which doing business including covering, testing, promoting and marketing new products will be built around these new products, goods and services and intellectual property rights. Infrastructure on online, in the retail sectors, in industrial sectors and in anything which can be identified as service for goods or products can be protected and can be identified by name or trademark or patents. Protected are methods and any and all which can be claimed, any and all means of going business, building interconnecting industries, markets for products and goods, so forth.

are

claim 10 name and not limited to the name Future and claiming the process and the methods of building markets, interconnecting markets, infrastructures and anything online which will make it possible to test, promote, and market people's ideas in any marketing sector. I claim any and all ways of doing business in an interconnecting infrastructure and of building new networks and products and goods and new patents and intellectual property rights of discovered ideas and products which are to be identified by and not limited to the name Future.

claim 11 claim process method creating marketing in retail store sectors, financial sectors, entertainment sectors, research sector, regular TV broadcasting sector, health care sector, and any service in any industry identified as such can be interconnected by any and all means.

claim 12 process method to discover new technology news service as a new way of doing business with new products and new intellectual property rights etc. the claimed rights and rights claimed from other products new industries and

to be a place to test ideas for products and services in any and all marketing sectors, to provide franchising by any means, and to market to other entities. This entity will be available to work together to discover new services in healing techniques to save lives by securing the intellectual and copyrights, etc. to new products and services, to franchise those rights and distribute new products and services.

This entity or corporation will capture a unique market in which people will want to do business and to be identified with Future. Dealership for selling future leader automobiles, museum, libraries, retail stores, and other commerce medias will be components of the market. New sports ideas and new entertainment to launch and promote dance, artist, etc. under the Future brands will be possible. Products and services, etc. will have research centers. Utility companies and financial-services will be available. Business will be based on positive leadership values that are honorable. Focus is in building huge infrastructures with interconnecting networks by any and all means in which to test ideas and by any all means online such as to read stories live anywhere in the world which connects readers in any and all languages when called upon by clients. Also online will have interconnecting networks with any and all fields class's etc. which tests people's ideas on-line and in the retail industry in any and all sectors, there of.

Claims 7 process method is to promote in marketing Future brands and intellectual property Future brands in any and all marketing sectors. This includes products, goods and services etc. Intent is to develop, build, and promote market distributorships, to build new market infrastructures and to build these new markets with specialty identification of the brands name and intellectual property with Future and not limited to the brand Future. Any methods, ways and means in which to build structures, test and market ideas and products etc. in any marketing sector will be used. Any ways or means to discover new products and develop intellectual property and to build new markets around those new goods, products, services and intellectual properties will be used, as well as, to identify and make new classes to identify those services with special focusing on intellectual property rights in protecting and promoting those new services and goods under the Future brands. An open policy will be used to look for new ideas, to create new entities and to create infrastructures which would include on-line means in which to market, to distribute and to create new ways for people's ideas etc. or anything which is created by thought process to be tested, produced, and marketed in any marketing sector. By electronic means building marketing sectors and infrastructures for promoting new products, as well as testing and evaluation of products and services can be done. Ideas, new licenses, franchises, distributorships and businesses in any marketing sector for any and all goods and services that can be identified as a service or good or product can be promoted and marketed to create a new company or companies on line with interconnecting infrastructures in any and all industries by any and all means not limited to just online. By licensing the name Future, and other entities, infrastructures will be

sector.

the method process will include any and all infrastructures dealing with  
s, distributorships sectors and any all fields which deal with any and all  
ets of products, goods and services especially relating to the future. The  
nod etc will include any and all infrastructures that will discover new products  
d service markets etc. The name Future has rights in which the name also can be  
attached on to other names with more opportunities to launch new services etc.  
under the Future names. Legal rights to patents trademarks and intellectual  
property from these properties will be secured.

Any invention or device that can be created and that can be marketed etc. and  
that serves a purpose can claim the right to Future etc brands intellectual properties.  
The building of new markets for new products, services, infrastructures,  
networking and marketing where people will test ideas, anything that can be thought  
of by any and all means will be included. With online and interconnecting networks  
means to identify and to testing of marketing with any industry and marketplace,  
any and all products and services can be tested, promoted and marketed in any  
marketing sectors by any and all means set forth .

Claim 5 is the process method to build a new world brand name Future and not  
limited to the name Future will provide which no other company in the world can  
offer which is to build new markets, products and services around newly discovered  
properties etc. an so forth through the interconnecting of networks and the building  
of new markets, new infrastructures, distributorships and the obtaining of  
trademark patent rights and intellectual rights around those newly discovered  
properties. Included is the connecting of those networks for products and services,  
franchising, licensing and distributing and building channels around those new  
discovered properties and to build a Futuristic city or establishment.  
Every services, products and goods will be identified. The city will encompass  
infrastructures for the retail sector, financial sector, museum sector, educational  
sector, health care sector, online sector, utility sector, hotels and motels, resorts  
sectors, industrial sector, research sector, entertainment sector, and every  
industry that markets any and all special services, goods and products. The city will  
be the place to meet business leaders who would look at people's dreams and their  
abilities. This company will have the ability of marketing their products in any  
marketing sector and on-line worldwide. Future deals with creating it own unique  
society that can be protected and serve the world in the future with the benefit to  
protect the knowledge of thinking positive with no prejudice and stand as one for our  
world. By marketing and producing products and distributing the new products and  
ideas includes the building of vast infrastructures and markets to test people's ideas  
in any marketing sector by any and all means to focus on the people's ideas and  
dreams. Any infranstructure will be built with these enties by using process method  
for interconnecting building, etc.

Claim 6 process method is a Futuristic city etc. on an island where the theme is

Brks. Future will build a new world tm to create new products and  
cc. and to build marketing channels, distributorships, and infrastructures  
ing with other entities and licensing etc. for the benefit of all.

Example 10 is a method of creating ideas by creating a list of product of today from  
own ideas and then make another list of products with the intention of  
nbinning those ideas to make new creations.

Example 11 is the method of securing legal rights and of showing usage of names by  
identifying every good, service, and marketing sector with the name with protection  
by sm, for example Future sm retail services, and so. Then Usage can be shown on-  
line with the ability to apply for intellectual property licensing, so on and so forth.

### **NOW REFERRING TO THE CLAIMS**

Claim 1 is a method process creating and building vast infrastructures, methods  
means, distributorships, markets, structures etc. in which to test people's ideas in  
any marketing sector and to market products, goods, and services in any marketing  
sector by building infrastructures and markets around any products, goods, markets  
and services-- any thing that can be created. Included are online and on-line  
services interconnecting networks by means which will allow the testing of people's  
ideas, products, and goods by any and all means. Marketing and infrastructures  
around those new products, goods and services will be built.

Claim 2 the method process of building an establishment or city etc. which  
encompasses any industry and services dealing with any and all marketing sectors  
and of producing marketing, creating distributorships and infrastructures etc.  
under the Future, etc brand names. Included is the process of marketing products,  
goods and services etc. to others and the building of infrastructures around both  
said products and others so forth, around new products and services and  
Intellectual property discovered by the new ideas and new products. The method  
process will include the building of markets in infrastructures around those new  
ideas, products and intellectual property and so on .

Claim three is a process to create vast infrastructures methods where products and  
ideas etc. will be tested in any marketing sector by any and all means, and where  
future industries interconnects so they will remain with the main group and for  
investment with other companies. Future will be claiming new technology, market  
the products, finance the products, own channels and resources for license, market  
and test people's ideas in any marketing sector, and represent new ideas, new  
products and new intellectual property under the Future name, not limited to the  
Future name. Infrastructures, markets and franchises in infrastructures will build  
around new products, new patents, and new services and create and interconnect  
those markets so forth on-line to identify any services, goods, products and methods  
anything in which can be thought of and created for any

marketing sector etc. This is a place that will also have its own financial with a Future bank that does not look at a person's assets but identifies with the dreams and ideas. It is a place to meet financial partners and leaders. It is a place where to focus on the benefit for all people's needs and a place where we can work together for the benefit of all humankind.

Example 5 continued process method any means to create new jobs Online with new opportunities. By connecting networks and online services new methods, new products and services will be created by the Future name etc. Included will be the building of channel for licensing, new infrastructures and new markets.

Example 6 process method -securing the rights under name Future, and not limited to the name Future to include any markings sector and to build new means, new products, new services, infrastructures and places and on-line to provide a place where people can test ideas in any marketing sector by any and all means and to launch new products under the Future name etc. Included are securing rights to unique markets around new products' names, intellectual property, products, methods and interconnecting infrastructures etc. and so forth.

Example 7 process method -Is a method of creating in languages, writings, art, taste, touch, feel, etc any means by which one can communicate ideas or inventions etc. New products etc. that can be created by the mind and invented for the human being and their surroundings that has a use and can be used, created and sold can be identified by the name Future etc., and by protecting intellectual property rights, markets and infrastructures can be built the around new intellectual property etc., so forth any process method there of interconnecting networks .

Example 8 process methods building new markets from ideas, products and services and interconnect marketing by building vast infrastructures which include methods, markets, and distributorships etc. which deals with any marketing sector any producer goods, anything that can be created marketed and sold. These goods, products or services means can be identified by the name Future not limited to the name Future, etc. in a new means intellectual property and rights. Also many names can be attached on to the name Future thus providing more rights and ways in creating new products services by creating those markets and open structures around those ideas and sectors so forth .

Example 9 method process Is creating a huge Future means city with the Future theme which is self-contained and operated by the occupants who have the goals and values to carry on to other generations of leaders and who care for all people for the benefit of our world.

Example 10 the method process is to create a means to allow people to test their ideas etc. by any electronic and by any and all means on-line and to interconnect

to the early filed application of 10/16/2000  
ation number 60/240194

## Sound of the Invention

The present invention is to relate to the process of doing business and a method of building infrastructures, future brands, etc and on-line huge infrastructures to market and to test ideas online in any marketplace etc. with related protecting rights thereof. The invention will identify any new markets etc built around any new products, services, etc., with testing, marketing and promoting etc. in any and all marketing sectors and markets. Identified markets will be built around those marketing sectors.

The main scope of marketing sectors. the invention is a method etc. of doing business because stores and businesses sell the similar products. The difference is the design and the marketing and promoting of the same goods, as well as, a different name. There needs to be an open market to bring in new goods and products etc. with especially future-related goods and products, thus making Future original in doing business with any business in any marketing sector.

Future deals with marketing any marketable product or goods especially in building new markets and products and services from the ideas etc. people have and those ideas that have not even been discovered or developed yet. With these new ideas, Future will be bringing in new products and infrastructures in business in any marketing sector thereof which would include products, goods, services and trade from innovative ideas of any person. but e(tc. n incomfances a place person holds in society a a language writing touch feel of thought word etc.) Anything that can be protected related to will be identified and marketed etc. through this huge arena of interconnected infrastructures etc. anything of now and anything which deals with the future.

This is a huge intellectual property with rights and license in promoting and building of new infrastructures with new products and services by interconnecting huge infrastructures and by building infrastructure of future brands etc. Identified will be any huge markets which deals with the new and not the old in which people can test for and for launching of new ideas, products and services in any market sectors set forth identified with new ideas, products and patents etc. and which builds new company's products and services around those goods, products and services by identifying new classifications and new patent rights etc. to launch new ideas, products and services in any marketing sector set forth. Included will be a huge project dealing with futuristic designs which also will also encompass a place where people can test their ideas in any marketing sector. This place will encompass future themes for retail stores, hotels and motels.

Even a city which is identified with the name Future represents the research and industries dealing with any new product and/or service etc. Featured would be Future TV broadcasting, museums, theaters, retail stores, industries, research

of now and especially of the future and to discover new technology  
etc. with the name name future etc and building infrastructures deals with  
lectual property testing marketing industries etc any and all class's and  
ing sectors n by any all means on-line means electronic means and identify  
products and services etc access information etc anywhere etc  
olishing of legal rights to the brand's future etc. and also building those markets  
m around any new products and goods and services etc in build futuristic city on  
island etc featuring future hotel motel resorts libraries and museums video TV  
roadcasting entertainment retail stores shopping malls grocery stores gas  
ations theaters in health care services research center transportation services  
search centers etc etc, unique features the designs every detail ect will be  
tures-related a huge type future city self-contained manufacturing's services in  
ectoral services etc, utility and anal services products and goods can be  
anufactured promote etc and building new infrastructures in markets in sectors  
round those newly discovered goods and products promote services products in  
oods city will feature rotating stores it solar power its own amusement parks also  
e like society owe language writing etc  
nything can be protected will be can be seen by others to generations to prosper  
iture generations etc are services and products in goods and to work with other  
ntities etc, beneficial all to build new markets products etc and to promote in to  
romote intellectually and for the new products and good in services any thought to  
ny invention than build those markets and a infrastructures around those new-  
product goods and services and ideas it to build those marketing and markets and  
nfrastructures are rentals in goods and product etc, interconnecting  
nfrastructures building markets distributorships sectors to test advertise etc  
anything under the future name etc in not limited to the name but also to include  
hemethods the Ways and Means building infrastructures and on-line of intellectual  
roperty rights to be able to interconnect networks markets Web sites etc  
ompanies and corporations and entities means to test by any all means to market  
people's ideas - building infrastructures networks building marketing promoting n  
esting etc ideas but any and all means online do with any entity market sectors  
servers goods or products anything that to be crated marketed and sold and  
nvented the tested the market it promoted on the on-line by any and all means  
online etc for industry to the World Industries by any all means of building a c  
markets products and goods and methods in which will protect it to great huge  
structures industries corporations to test to market to promote any products to  
discover new ways of doing things etc. N CREATING IDEAS  
BY ADDING ONE IDEA TO ANOTHER OR PRODUCT CREATES NEW IDEAS ETC, N ALSO BY MARKETIG  
NAMES ONLINE IDENTIFIED WITH ANY SERVICE N PRODUCT OR GOOD THEN IDEFY THESE WITH  
LICING OF ITLECTAL PROPERTY ETC. creat any product any good service n build new  
markets, new infranstrutres etc, n so on n online intercontice meas to test read etc  
, market etc by any all means online interconecting of networks building net works.

be built around the newly discovered products and intellectual properties. Interconnecting networks will be a means to market, to promote and to intellectual property by any and all means. Peoples' ideas, products and testing will be tested and used by any and all means electronically and in any all cases of now and in the future.

Claimed 13 process method to create infrastructures for the discovery of new technology and patents etc. In building infrastructures, markets, and distributorships from those intellectual properties, identification will be made with the name Future and not limited to the name Future. Interconnecting of networks and testing, promoting and marketing will make new identification of classes and define new product patents. The building of new markets and infrastructures in any sector around those newly discovered markets and patents in the retail world is not limited to just online but to the interconnection in building networks markets by any all means.

Claim 14 method process claim the method of doing business of building and connecting infrastructures. With the building of infrastructures and interconnecting infrastructures, the building methods of structures and arena distributorships will interconnect and represent any marketing sector with any product or good and service which can be thought of. Infrastructures and interconnecting infrastructures will be used as a means to test, promote and market, etc. people's ideas or anything by any and all means, to build new products and services and to protect new intellectual property rights, etc. that can be identified and related to the future and not limited to the future. Claimed are the means and methods of interconnecting industries for testing, developing and marketing new ideas to discover new products and service, thereof.

Claim 15 process method to build structures, cities and entities that encompasses utilities and designs, etc. which are futuristic and future related which will be identified by the name of Future etc. with protection of all intellectual property rights that can be protected and identified with the future. Interconnecting infrastructures by any all means will allow testing, development and marketing of ideas in any all marketing sectors with the name Future, etc. thus, discovering new intellectual properties from those entities and developing infrastructures for marketing, thereof.

#### **Abstract of the invention**

Method process of doing business etc. creation of building structures infrastructures markets methods products services. intellectual property etc  
that will test market produce advertises etc

IN RESPONSE TO THE OFFICIAL LETTER AND THE OFFICIAL RESPONSE OF NOV  
09 2007 JUST RECEIVED THIS ALSO .  
APPLICANT NOTES THE FOLLOWING WERE ACCEPTED .  
also APPLICANT Has been accorded a Filing Date .  
A Substitute specification ;  
replacement drawings ;  
were accepted .

Applicant Further ask the petitioner to How to Revive Applicant Original Application ,  
NO. 09/970747 With the original filing date of 7 Years ago the original Claims .  
And predates , other applicants who filed after the applicant .

Includes is further evidence that shows applicant good intentions of revival of  
applicants and the FUTURE people application NO 09/970,747  
Further was accepted was applicants original drawings .

Applicant has Further includes evidence and the legal trail and the time line  
and further more applicant has put In practice of applicants and the people  
method patent , as evidence of applications filed at the uspto .. And applications web  
page ...

Applicant Further has paid for A time extension . And Prays for and Request The  
revival of 09/970,747 , Also applicant Notes that 60/393/064 is a provisional  
application . and this was included years ago to Searl number 09/970/747 and  
applicant Further has Followed up with a Full patent application on time when  
applicant Filed Provisional application No . 60/393/064

APPLICANT FUTURE REQUEST ANY PAPERS OR INFORMATION NEEDED TO  
REVIVE ..APPLICANTS PATENTS . AND OR PAPERS TO AMEND THE CLAIMS

Applicant Further request the Claims To Application no /11/88086 to be amended because of .. ; Please delete and amend the claims to only 1 . with reads as . Claim 1. Method process of building Global economies by a word an idea, a thought especially referring to the words FUTURE not limited to ' Build worlds around a person and countries their ideas . to crete global open door, infranstructures development of worlds by a person idea and words that mean FUTURE . every one in the world has a right to use the word FUTURE any word that means the FUTURE with their Ideas to buld global worlds economies .

Object of the innovation is to create worlds by a person idea or thought and with connection and or association to the and word means FUTURE any language ,cultural, world.

Drawings Show the person ideas and the method the process of reproducing and creating global new ideas that create a world and global infranstructure by and for the words FUTURE and connected to assorted to a person idea thought.

Applicant Further has provided information to support these claims of the people for the people by the people global FUTURE can create worlds by a person ideas

Applicant further relies an any all rights to US applications pend at the uspto including Applicants Application NO. 09/970/747

Applicant FUTURE has Again inclosed the petion Fee of \$100.00 of Revival of Applicants Patent no. 09/970/747 Applicant has further over the years shown the Global Value for the people by the people FUTURE of application no 09/970/747 /

APPLICANT Further looks Forward to working with The US Patent office getting R these patents for the people by the people own individual Global FUTURE Voice and their Countries and their children and their children .

and this letter and response und reveal is on time . Applicant Further request that the application No 11/880086 be forward to the examiner .

Also includes is \$300.00 For time extension

applicant further has amended his claims in application No 11/880086 ;

Applicant has Further again Requested And Paid \$100.00 for the Revival Of Applicant  
us Patent No  
09/970/747

Applicant has further Sent in evidence of Legal Trail and time line . And the

Global importance of to the peoples and all countries with Global FUTURE words  
ideas of the people .

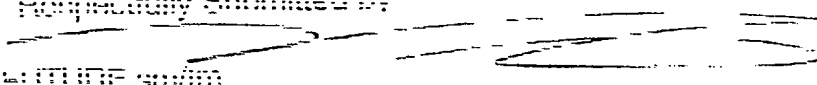

Also Applicant has in closed for small entity time extension of \$50.00

Recognize the Global importance of us patents to the people future .

Also see inclosed as evidence how applicant was set up..... by applicants own  
attorney ....

includes is evidence . applicant prays for a global voidience.. fraud agreements of  
Sept. 2004.. at the uspto ..and their be global legal justice  
on behalf of all the people and their countries that have been damaged by... and from  
... and their be legal justice on behalf of all and for the people being disenfranchised  
from se ups ..the fraud agreements .. people being disenfranchised by there own ideas  
and the word and there ideas for and by the FUTURE for the people by the people to  
the there be legal justice of and for the .benefit of all ...

# Notice of Abandonment

Application No.

09/970,747

Examiner

Romain Jeanty

Applicant(s)

ANDERSON, KENT G.

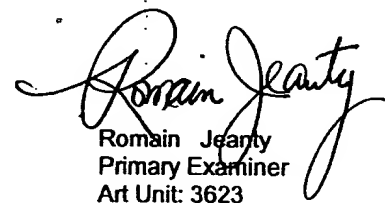

Art Unit

3623

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address--

This application is abandoned in view of:

1. ☒ Applicant's failure to timely file a proper reply to the Office letter mailed on 16 November 2005.
  - (a) ☐ A reply was received on \_\_\_\_\_ (with a Certificate of Mailing or Transmission dated \_\_\_\_\_), which is after the expiration of the period for reply (including a total extension of time of \_\_\_\_\_ month(s)) which expired on \_\_\_\_\_.
  - (b) ☐ A proposed reply was received on \_\_\_\_\_, but it does not constitute a proper reply under 37 CFR 1.113 (a) to the final rejection.  
(A proper reply under 37 CFR 1.113 to a final rejection consists only of: (1) a timely filed amendment which places the application in condition for allowance; (2) a timely filed Notice of Appeal (with appeal fee); or (3) a timely filed Request for Continued Examination (RCE) in compliance with 37 CFR 1.114).
  - (c) ☐ A reply was received on \_\_\_\_\_ but it does not constitute a proper reply, or a bona fide attempt at a proper reply, to the non-final rejection. See 37 CFR 1.85(a) and 1.111. (See explanation in box 7 below).
  - (d) ☒ No reply has been received.
2. ☐ Applicant's failure to timely pay the required issue fee and publication fee, if applicable, within the statutory period of three months from the mailing date of the Notice of Allowance (PTOL-85).
  - (a) ☐ The issue fee and publication fee, if applicable, was received on \_\_\_\_\_ (with a Certificate of Mailing or Transmission dated \_\_\_\_\_), which is after the expiration of the statutory period for payment of the issue fee (and publication fee) set in the Notice of Allowance (PTOL-85).
  - (b) ☐ The submitted fee of \$\_\_\_\_\_ is insufficient. A balance of \$\_\_\_\_\_ is due.  
The issue fee required by 37 CFR 1.18 is \$\_\_\_\_\_. The publication fee, if required by 37 CFR 1.18(d), is \$\_\_\_\_\_.
  - (c) ☐ The issue fee and publication fee, if applicable, has not been received.
3. ☐ Applicant's failure to timely file corrected drawings as required by, and within the three-month period set in, the Notice of Allowability (PTO-37).
  - (a) ☐ Proposed corrected drawings were received on \_\_\_\_\_ (with a Certificate of Mailing or Transmission dated \_\_\_\_\_), which is after the expiration of the period for reply.
  - (b) ☐ No corrected drawings have been received.
4. ☐ The letter of express abandonment which is signed by the attorney or agent of record, the assignee of the entire interest, or all of the applicants.
5. ☐ The letter of express abandonment which is signed by an attorney or agent (acting in a representative capacity under 37 CFR 1.34(a)) upon the filing of a continuing application.
6. ☐ The decision by the Board of Patent Appeals and Interference rendered on \_\_\_\_\_ and because the period for seeking court review of the decision has expired and there are no allowed claims.
7. ☐ The reason(s) below:

  
Romain Jeanty  
Primary Examiner  
Art Unit: 3623

Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

APPLICANT ANDERSON ,KENT G

EXAMINER ROMAIN JEANTY

ART UNIT 3623

DEAR COMISHIONER OF PATENTS THIS APPLICATION DATES BACK TO 2000 AND ALSO REFERS TO PRIOR PEND RIGHTS TO A PROVISIONAL . AND IS VERY EMPORNTAINT TO THE GLOBAL INFRANSRUCTURE OF FUTURE AND WWW.FUTUREVISIONARIES.COM NOT ONLY HAS APPLICANT APPLIED FOR A METHIOD PATENT HE HAS FURTHER PUT HIS METHIOD IN PRACTICE FOR YEARS COUNTLESS YEARS AS INCLOSED AS EVIDENCE APPLICANT HAD -IS APPLYING FOR THE BRAND FUTURE IN COUNTRIES NOT ONLY THE US . THIS IS CAN BE VIEWED ON LINE AT WWW.USPTO.GOV SEARCH UNDER TRADEMARKS OWNER KENT G ANDERSON . LAST YEAR APPLICANT ALMOST LOST HIS LIFE DO TO BROUGHT ON DO TO DEEP DEPRESHION FROM WHAT CHANTACLLIA AND OTHERS DID TO APPLICANT IN THE FRAUD AGREEMENT OF 2004 .BUT APPLICANT STILL KEPT ALIVE AND SENT IN RESPONSES TO REVIVE APPLICANTS PATENT APPLICATION NO 09/970/747 / AND APPLICANT HAD SENT HIS RESPONSE ON TIME FAXED SENT IN .EVIDENCE INCLOSED ; SEE THIS ON APPLICANT WEB PAGE INCLOSED AS EVIIDANCE . APPLICANT PRAYS FOR VOID OF CHANTACELLIA FRAUD AGREEMENT OF 2004 ALSO CAN BE SEEN IN USPTO FRAUD WAS USED TO GET ACCEPETED ; AND ON APPLICANT WEB PAGE SEE AGREEMENTS LEADING UP TO FRAUD AGREEMENT OF 2004 ; ALSO PLEASE REVIVE APPLICANT US.PATENT

NO 09/970/747 . AND ACCEPTANCE OF APPLICANTS NEW APPLICATION IN  
KEEPING THESE GLOBAL IDEAS AND RIGHTS ALIVE FOR APPLICANT AND  
OTHERS. PEOPLE .; APPLICANT HAS FURTHER FILED THE SAME APPLICATION  
AS APPLICANT FIELD ON 2000; THIS IS A VERY COMPLEX APPLICATION BEEN  
YEARS THIS APPLICATION HAS BEEN PENDING AT US. PATENT OFFICE ;  
APPLICANT IS A HEAD OF HIS TIME . ALSO APPLICANT RECALLS WHEN  
ROMAN CALLED APPLICANT ON 4/17 06 INCLOSED AS EVIDENCE SAID I  
HAVE NOT RECEIVED YOUR RESPONSE KENT I SAID I SENT IT IN . HE LET ME  
FAX MY COPY OF NON FINAL RESPONSE TO HIM ON TIME . THEN I  
RECEIVED AN ABANDONMENT . IT SHOULD HAVE BEEN A FINAL ; THEN  
APPLICANT CALLED ROMAN ; HE SAID DONT WORRY YOU CAN REVIVE IT .  
HE ASKED ME WHAT MY PATENT APPLICATION SAID I WAS SURPRISED  
HES THE PATENT ATTORNEY NOT ME ; I SAID I WOULD VISIT WITH HIM WHEN I  
GET THE OFFICE ACTION ; HE ALSO SAID NOTED TOO ME I HAD OTHER  
PATENTS . INCLOSED AS EVIDENCE APPLICANT FAXED COPY OF  
RESPONSE AND CHECK  
CASHED BY USPTO. FAXED ON 6/28/2006  
AND A LETTER TO THE PATENT OFFICE TO REVIVE THIS APPLICATION ID  
ENCLOSED SENT ON 3/13/06 / WITH THE COPY OF CASHED CHECK  
APPLICANT IS VERY CONCERNED HIS APPLICATION REMAINS ABANDONED  
NO COMMUNICATION HAS BEEN RECEIVED BY THE USPTO ; APPLICANT  
BELIEVES THAT USPTO IS LOOKING FOR APPLICANTS CHECK ; APPLICANT  
HAS ALSO CONCERNS HOW MANY ARE INFRINGING AND APPLYING AFTER  
APPLICANTS PENDING APPLICATION DATING BACK 7 YEARS . AND THAT THE  
APPLICANTS PATENT  
APPLICANT IS VERY VALUABLE TO THE SUCCESS TO APPLICANTS BUSINESS  
AND GLOBAL FOR FOR THE PEOPLE WILL BE BENEFITING BY THE  
APPLICANTS OWN IDEAS AND YEARS APPLYING FOR THE BRAND FUTURE  
PLEASE REVIVE APPLICATION ALSO THE US PATENT OFFICE SHOULD HAVE  
ALL RECORDS ALL DRAWINGS AND COPIES ; ALSO APPLICANT HAS  
PROVIDED COPIES AND FILED NEW ONE IN REFERENCE TO THIS OPEN ANY  
ALL RIGHTS MAY BE PENDING . APPLICANT LOOKS FORWARD IN WORKING WITH  
ROMAN .. IN GETTING THIS PATENT R .

Art Unit

3623

— The MAILING DATE of this communication appears on the cover sheet with the correspondence address —  
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## Status

- 1) ☒ Responsive to communication(s) filed on 12/5/05.
- 2a) ☐ This action is **FINAL**.                      2b) ☒ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

## Disposition of Claims

- 4) ☒ Claim(s) 1-15 is/are pending in the application.
- 4a) Of the above claim(s) \_\_\_\_\_ is/are withdrawn from consideration.
- 5) ☐ Claim(s) \_\_\_\_\_ is/are allowed.
- 6) ☒ Claim(s) 1-15 is/are rejected.
- 7) ☐ Claim(s) \_\_\_\_\_ is/are objected to.
- 8) ☐ Claim(s) \_\_\_\_\_ are subject to restriction and/or election requirement.

## Application Papers

- 9) ☐ The specification is objected to by the Examiner.
- 10) ☐ The drawing(s) filed on \_\_\_\_\_ is/are: a) ☐ accepted or b) ☐ objected to by the Examiner.  
Applicant may not request that any objection to the drawing(s) be held in abeyance. See 37 CFR 1.85(a).  
Replacement drawing sheet(s) including the correction is required if the drawing(s) is objected to. See 37 CFR 1.121(d).
- 11) ☐ The oath or declaration is objected to by the Examiner. Note the attached Office Action or form PTO-152.

## Priority under 35 U.S.C. § 119

- 12) ☐ Acknowledgment is made of a claim for foreign priority under 35 U.S.C. § 119(a)-(d) or (f).
- a) ☐ All    b) ☐ Some \*    c) ☐ None of:
1. ☐ Certified copies of the priority documents have been received.
  2. ☐ Certified copies of the priority documents have been received in Application No. \_\_\_\_\_.
  3. ☐ Copies of the certified copies of the priority documents have been received in this National Stage application from the International Bureau (PCT Rule 17.2(a)).

\* See the attached detailed Office action for a list of the certified copies not received.

## **DETAILED ACTION**

1. The following guidelines illustrate the preferred layout for the specification of a utility application. These guidelines are suggested for the applicant's use.

### **Arrangement of the Specification**

2. As provided in 37 CFR 1.77(b), the specification of a utility application should include the following sections in order. Each of the lettered items should appear in upper case, without underlining or bold type, as a section heading. If no text follows the section heading, the phrase "Not Applicable" should follow the section heading:

(a) TITLE OF THE INVENTION.

(b) CROSS-REFERENCE TO RELATED APPLICATIONS.

(c) STATEMENT REGARDING FEDERALLY SPONSORED RESEARCH OR  
DEVELOPMENT.

(d) INCORPORATION-BY-REFERENCE OF MATERIAL SUBMITTED ON A  
COMPACT DISC (See 37 CFR 1.52(e)(5) and MPEP 608.05. Computer  
program listings (37 CFR 1.96(c)), "Sequence Listings" (37 CFR  
1.821(c)), and tables having more than 50 pages of text are permitted to be  
submitted on compact discs.) or  
REFERENCE TO A "MICROFICHE APPENDIX" (See MPEP §  
608.05(a). "Microfiche Appendices" were accepted by the Office until  
March 1, 2001.)

(e) BACKGROUND OF THE INVENTION.

(1) Field of the Invention.

(2) Description of Related Art including information disclosed under 37

CFR 1.97 and 1.98.

(f) BRIEF SUMMARY OF THE INVENTION.

(g) BRIEF DESCRIPTION OF THE SEVERAL VIEWS OF THE  
DRAWING(S).

(h) DETAILED DESCRIPTION OF THE INVENTION.

(i) CLAIM OR CLAIMS (commencing on a separate sheet).

(j) ABSTRACT OF THE DISCLOSURE (commencing on a separate sheet).

(k) SEQUENCE LISTING (See MPEP § 2424 and 37 CFR 1.821-1.825. A

“Sequence Listing” is required on paper if the application discloses a  
nucleotide or amino acid sequence as defined in 37 CFR 1.821(a) and if  
the required “Sequence Listing” is not submitted as an electronic  
document on compact disc).

**Content of Specification**

(a) Title of the Invention: See 37 CFR 1.72(a) and MPEP § 606. The title of  
the invention should be placed at the top of the first page of the  
specification unless the title is provided in an application data sheet. The  
title of the invention should be brief but technically accurate and  
descriptive, preferably from two to seven words may not contain more  
than 500 characters.

(b) Cross-References to Related Applications: See 37 CFR 1.78 and MPEP  
§ 201.11.

Art Unit: 3623

(c) Statement Regarding Federally Sponsored Research and Development:

See MPEP § 310.

(d) Incorporation-By-Reference Of Material Submitted On a Compact Disc:

The specification is required to include an incorporation-by-reference of electronic documents that are to become part of the permanent United States Patent and Trademark Office records in the file of a patent application. See 37 CFR 1.52(e) and MPEP § 608.05. Computer program listings (37 CFR 1.96(c)), "Sequence Listings" (37 CFR 1.821(c)), and tables having more than 50 pages of text were permitted as electronic documents on compact discs beginning on September 8, 2000.

Or alternatively, Reference to a "Microfiche Appendix": See MPEP § 608.05(a). "Microfiche Appendices" were accepted by the Office until March 1, 2001.

(e) Background of the Invention: See MPEP § 608.01(c). The specification should set forth the Background of the Invention in two parts:

(1) Field of the Invention: A statement of the field of art to which the invention pertains. This statement may include a paraphrasing of the applicable U.S. patent classification definitions of the subject matter of the claimed invention. This item may also be titled "Technical Field."

(2) Description of the Related Art including information disclosed under 37 CFR 1.97 and 37 CFR 1.98: A description of the related art known to the applicant and including, if applicable, references

to specific related art and problems involved in the prior art which are solved by the applicant's invention. This item may also be titled "Background Art."

- (f) Brief Summary of the Invention: See MPEP § 608.01(d). A brief summary or general statement of the invention as set forth in 37 CFR 1.73. The summary is separate and distinct from the abstract and is directed toward the invention rather than the disclosure as a whole. The summary may point out the advantages of the invention or how it solves problems previously existent in the prior art (and preferably indicated in the Background of the Invention). In chemical cases it should point out in general terms the utility of the invention. If possible, the nature and gist of the invention or the inventive concept should be set forth. Objects of the invention should be treated briefly and only to the extent that they contribute to an understanding of the invention.
- (g) Brief Description of the Several Views of the Drawing(s): See MPEP § 608.01(f). A reference to and brief description of the drawing(s) as set forth in 37 CFR 1.74.
- (h) Detailed Description of the Invention: See MPEP § 608.01(g). A description of the preferred embodiment(s) of the invention as required in 37 CFR 1.71. The description should be as short and specific as is necessary to describe the invention adequately and accurately. Where elements or groups of elements, compounds, and processes, which are conventional and generally widely known in the field of the invention

described and their exact nature or type is not necessary for an understanding and use of the invention by a person skilled in the art, they should not be described in detail. However, where particularly complicated subject matter is involved or where the elements, compounds, or processes may not be commonly or widely known in the field, the specification should refer to another patent or readily available publication which adequately describes the subject matter.

- (i) Claim or Claims: See 37 CFR 1.75 and MPEP § 608.01(m). The claim or claims must commence on separate sheet or electronic page (37 CFR 1.52(b)(3)). Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation. There may be plural indentations to further segregate subcombinations or related steps. See 37 CFR 1.75 and MPEP § 608.01(i)-(p).
- (j) Abstract of the Disclosure: See MPEP § 608.01(f). A brief narrative of the disclosure as a whole in a single paragraph of 150 words or less commencing on a separate sheet following the claims. In an international application which has entered the national stage (37 CFR 1.491(b)), the applicant need not submit an abstract commencing on a separate sheet if an abstract was published with the international application under PCT Article 21. The abstract that appears on the cover page of the pamphlet published by the International Bureau (IB) of the World Intellectual Property Organization (WIPO) is the abstract that will be used by the USPTO. See MPEP § 1893.03(e).

- (k) Sequence Listing. See 37 CFR 1.821-1.825 and MPEP §§ 2421-2431.

The requirement for a sequence listing applies to all sequences disclosed in a given application, whether the sequences are claimed or not. See MPEP § 2421.02.

3. An examination of this application reveals that applicant is unfamiliar with patent prosecution procedure. While an inventor may prosecute the application, lack of skill in this field usually acts as a liability in affording the maximum protection for the invention disclosed. Applicant is advised to secure the services of a registered patent attorney or agent to prosecute the application, since the value of a patent is largely dependent upon skilled preparation and prosecution. The Office cannot aid in selecting an attorney or agent.

A listing of registered patent attorneys and agents is available on the USPTO Internet web site <http://www.uspto.gov> in the Site Index under "Attorney and Agent Roster." Applicants may also obtain a list of registered patent attorneys and agents located in their area by writing to the Mail Stop OED, Director of the U. S. Patent and Trademark Office, PO Box 1450, Alexandria, VA 22313-1450.

4. A series of singular dependent claims is permissible in which a dependent claim refers to a preceding claim which, in turn, refers to another preceding claim.

A claim which depends from a dependent claim should not be separated by any claim which does not also depend from said dependent claim. It should be kept in mind that a dependent claim may refer to any preceding independent claim. In general, applicant's sequence will not be changed. See MPEP § 608.01(n).

Art Unit: 3623

5. This application may qualify for "Small Entity Status" and, therefore, applicant may be entitled to the payment of reduced fees. In order to establish small entity status for the purpose of paying small entity fees, applicant must make a determination of entitlement to small entity status under 37 CFR 1.27(f) and make an assertion of entitlement to small entity status in the manner set forth in 37 CFR 1.27(c)(1) or 37 CFR 1.27(c)(3). Accordingly, if applicant meets the requirements of 37 CFR 1.27(a), applicant must submit a written assertion of entitlement to small entity status under 37 CFR 1.27(c) before fees can be paid in the small entity amount. See 37 CFR 1.27(d). The assertion must be signed, clearly identifiable, and convey the concept of entitlement to small entity status. See 37 CFR 1.27(c)(1). No particular form is required.

#### **Claim Rejections - 35 USC § 112**

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 1-15 are rejected as failing to define the invention in the manner required by 35 U.S.C. 112, second paragraph.

Claims 1-15 are narrative in form and replete with indefinite, antecedent basis, and functional or operational language. The structure which goes to make up the device must be clearly and positively specified. The structure must be organized and correlated in such a manner as to present a complete operative device. The claim(s) must be in one sentence form only. Note the format of the claims in the patent(s) cited.

Art Unit: 3623

8. Claim 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, the phrase "etc." renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d). All other claims having such similar phrase are also rejected under 35 U.S.C. 112 second paragraph.

Regarding claim 8, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d). All other claims having such similar phrase are also rejected under 35 U.S.C. 112 second paragraph.

Claim 1 provides for the use of a method process, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced. This rejection also applies to all other claims containing such similar claim language.

Claim 1 is rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

Art Unit: 3623

9. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

10. As best understood, claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Abellow (U.S. Patent No. 5,799,908)

As best understood by the examiner and in view of the 112 second rejection, Abellow teaches all the limitations of the claimed invention. Note col. 9, line 18 through col. 14, line 59; and col. 16 line 9 through col. 29 line 16.

### Conclusion

11. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

a. DeBiasse (U.S. patent No. 6,928,412) discloses a computerized system for enabling consumer products companies to bring new products to market more efficiently.

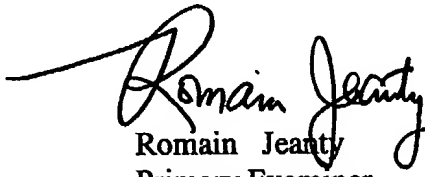

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Romain Jeanty whose telephone number is (571) 272-6732. The examiner can normally be reached on Mon-Thurs 7:30AM - 6:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tariq R. Hafiz can be reached on (571) 272-6729. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

## ***Title of Invention    method***

In reference to the earlier filed application of 10/16/2000 and application number 60/240194

### **BACKGROUND OF THE INVENTION:**

The present invention is to relate to the process of doing business and a method of building infrastructures, Future brands, etc. and on-line infrastructures to market and to test ideas online in any marketplace with related protecting rights there of. The invention will identify any new markets built around any new products, services, etc. with testing promoting, marketing in any and all marketing sectors and markets. Identified markets will be built around those marketing sectors.

The main scope of the invention is a method, etc. of doing business in addition to stores and businesses that sell similar products. The difference is the design and the marketing and promoting of the same goods, as well as, a different name. There needs to be an open market to bring in new goods and products, etc. with especially future related goods and products, thus making Future original in doing business with any business in any marketing sector.

Future deals with marketing any marketable products or good especially in building new markets for products and services from the ideas people have and those ideas that have not even been discovered or developed yet. With these new ideas, Future will be bringing in new products and infrastructure in business in any marketing sector thereof which includes products, goods, services and trade from innovative ideas of any person that encompasses an oral language, writing, touch or feel, written word and anything that can be protected related to and will be identified and marketed through a vast arena of interconnected infrastructures—anything of now and anything which deals with the future.

This is a complex intellectual property with rights and licenses in promoting and building of new infrastructures with new products and services by interconnecting infrastructures and by building infrastructures of Future brands, etc. Identified will be any

markets which deals with the new and not the old and where people can test ideas. Also identified will be the markets for launching new ideas, products and services in any marketing sector set forth identified with new ideas, products and patents and with markets which build new company's products and services around those goods, products and services by identifying new classifications and new patent rights, etc. to launch new ideas, products and services in any marketing sector set forth.

Included will be a project dealing with futuristic designs which also will encompass a place where people can test their ideas in any marketing sector. This place will encompass future themes for retail stores, hotels and motels. This place similar to a city is identified with the name Future which represents the research and industries dealing with any new product and/or service etc. Featured would be Future TV broadcasting, museums, theaters, retail stores, industries, research centers, manufacturing and others. Again this is a place where people can test ideas in any marketing sector and meet business leaders who would test and place ideas into marketing into any marketing sector.

The business means and methods with identifying intellectual property rights will be the securing of the rights to the name of Future and to identify future rights to the name, etc. and the identifying of future products, industries and markets as new intellectual property under the brand Future. Included will be the building of entities and the identification of Future with the new ideas, products and services. All people will have a chance to bring in new ideas, products and services and to invest in these innovations. For people who want to be affiliated with the brands and the name or names which identifies Future, the name rights, intellectual property rights and methods will be secured which allow people to test these ideas including on-line for production and marketing in any marketing sector.

With the building of those markets, etc. in the name of Future around those sectors with new products and services, building themes in the marketplaces and infrastructure will be futuristic in design. Products and services of any industry may be included in a futuristic designed like city where goods, services and industries can be launched and branched out to any marketing sector with the building of infrastructures around the new products with Future brands and names. Included would be retail stores, entertainment

sector, transportation services, industrial services, health care services, financial services, etc. especially relating to and the creating of new services and goods and products under the Future name or names. The intent is to build those sectors and markets and new markets under the name of Future, to invest in people and their ideas in any marketing sector and to build those sectors that are new or not in existence at this time. This includes any company or industry that deals with goods/products and services thought of in the future. It includes the thought or thoughts that could be created into a service or product, the design means for the products and the services and marketing with the ability to build a large infrastructure around those new ideas and markets and so forth. The intent is to discover new products and intellectual property and to build markets around those, such as, one of many examples is to provide the interconnecting of networks worldwide in order to read stories live via on-line to call upon those readers anywhere at any time to promote reading. Testing and marketing of people's ideas, providing and building of new infrastructures and the interconnecting with other infrastructures would include internet and news media services.

### SUMMARY OF THE INVENTION

This invention relates to process methods, etc. of building and securing all intellectual property rights identified with Future trademark/trademarks rights and intellectual rights, etc. which deals with now and of the future, especially the future goods, products and services and intellectual properties. Protection of intellectual property rights to products, services, etc. of now and of the future will be secured with the rights to the name Future and by building industries and markets under the name Future. Also to be protected is the business method of testing products in any marketing sectors including on-line services. This would include any ideas and products in any and all fields and markets and the on-line services, where ideas and products would be tested electronically. This invention is a method of doing business by testing, producing, marketing, advertising, building markets and infrastructures and interconnecting markets and infrastructures so forth.

For example, by interconnecting live story readers live via Internet called upon by clients world wide, stories read live in any language can be accessed through a web site

which identifies and calls on specific readers. The invention of the method will include many examples and creations with infrastructures online and in the real world to test and to market anything by any and all means or methods of creating new ideas.

The method of protecting intellectual property is by having any means in which to identify any goods and services, for example by applying on-line web page. Goods and services listed will be identified with the name or names not limited to Future sm./tm. Usage will be shown with claiming rights and licensing under intellectual property rights.

The following will help further explain the invention and the business methods; as follows, to build a place futuristic in designs and themes which encompasses any industry and services, so forth and a place to launch new products and services with industries. Everything will be related to the future with a place like a futuristic city that encompasses research centers, industry and commerce, etc. especially focusing on and representing new goods or products that haven't been thought of or produced.

An object of the invention is the method of building a unique infrastructure in which to identify new products, process methods, intellectual properties and to launch new products and services under the Future name. Also markets will be identified and infrastructures built online to interconnect and allow ideas and products to be tested in any marketing sector. Online interconnection of networks will provide any means to test people's ideas and intellectual properties by any and all means and to build markets to license intellectual properties.

Another object of the invention is the methods process of creating and securing legal rights to the use of the name Future with methods, intellectual properties and in any marketing sector new products, new services, license, etc. for those goods and services that are created from new ideas, products and intellectual properties that are discovered and tested. Included will be the licensing of the new products, goods, and services and the building of distribution channels around those new markets, infrastructures, networks online, so forth.

Another object of the invention is to build an infrastructure with infrastructures within for the different properties and intellectual properties, to create unique markets and infrastructures with new franchises, rights, licenses and to build industries with products,

goods and services.

Another object of the invention is the method of creating ideas for products for now and the future and of incorporating these ideas.

Another object of the invention is the method of protecting the name Future and to apply the name to those good and services that sow usage with established legal rights, and to apply for that name for licensing of intellectual property.

Another object is the applying for licensing of intellectual property or properties under the name chosen especially Future. Licensing rights are currently available under the name Future.

#### **DETAILED DESCRIPTION OF THE INVENTION**

Example 1 Process method is to build infrastructures by any and all means within a huge entity, to identify rights, products and services that are new, and to build those infrastructures, methods, markets and products so forth around those entities thereof.

Example 2 Process method is to build and protect the name of Future and not limited to the name of Future; the rights to identify products and services methods by the name, etc. and to build new industries and markets under the name Future, etc.; to build these infrastructures around those entities and to provide an area to test people's ideas in any marketing sector; to protect those rights dealing with any intellectual rights, so on; to build infrastructures online and in the real world identifying new products and services and to build and interconnect those infrastructures and markets, etc. by any and all means.

Example 3 Process method is to create Future, etc. entities in which to develop products and intellectual properties and to market those new products and services in any marketing sector by any and all methods interconnecting markets and infrastructures in any and all structures and markets, so forth.

Example 4 Process method is to build an infrastructure, a place, to identify many different entities services, goods and products, etc., a place to test all ideas in any marking sector

and a place to meet business leaders, etc. Every detail of the futuristic structure, manufacturing, commerce, etc. is futuristic in style. The city encompasses research centers, museum, theaters, retail stores, radio and TV broadcasting center, so on. This includes any identifying services in any and all classes and fields classified as such and any and all products, goods and services that can be created and thought of now and for the future. Any services of Future can be in a superstructure. Every detail and related products will be futuristic and future related. This would include new entertainment launching new promotions, new industrial promotion of goods and the promoting and launching of a product, goods and services in any marketing sector. This is a place that will also have its own financial services with a Future bank that does not look at a person's assets but identifies them with their dreams and ideas. It is a place to meet financial partners and leaders. In addition it is a place where to focus on the benefit for all people's needs and a place where we can work together for the benefit of all humankind.

Example 5 process method is any means to create new jobs Online with new opportunities. By connecting networks and online services, new methods, new products and services will be created by the Future name, etc. Included will be the building of channels for licensing, new infrastructures and new markets.

Example 6 process method is the securing the rights under the name Future, and not limited to the name Future to include any marketing sector and to build new means, new products, new services, infrastructures and places and on-line, to provide a place where people can test ideas in any marketing sector by any and all means and to launch new products under the Future name, etc. Included are securing rights to unique markets around new products' names, intellectual property, products, methods and interconnecting infrastructures and so forth.

Example 7 process method is a method of creating in languages, writing, art, taste, touch, feel and any means by which one can communicate ideas or inventions, etc. New products and so on that can be created by the mind and invented for the human being and

their surroundings, that have a use and can be used, created and sold can be identified by the name Future, etc. By protecting intellectual property rights, markets and infrastructures can be built around new intellectual property, so forth any process method thereof interconnecting networks.

Example 8 process method is the building of new markets from ideas, products and services and interconnect marketing by building vast infrastructures which include methods, markets and distributorships etc. which deal with any marketing sector, any produceable goods, anything that can be created, marketed and sold. These goods, products and services means can be identified by the name Future not limited to the name Future, etc. in a new means, intellectual property and rights. Also many names can be attached onto the name Future thus providing more rights and ways in creating new products and services by creating those markets and by opening structures around those ideas and sectors, so forth.

Example 9 method process is creating a huge Future means city with the Future theme and which is self-contained and operated by the occupants who have the goals and values to carry on to other generations of leaders and who care for all people for the benefit of our world.

Example 10 the method process is to create a means to allow people to test their ideas etc. by any electronic, by any and all means on-line etc., and to interconnect other networks. Future will build a new world tm to create new products and services, etc. and to build marketing channels, distributorships and infrastructures, etc. working with other entities and licensing, etc. for the benefit for all.

Example 11 process method is the method of securing legal rights and of showing usage of names by identifying every good, service and marketing sector with the name with protection by sm., for example Future sm. retail services, so on. Then usage can be shown on-line with the ability to apply for intellectual property licensing, so on and so forth.

NOW REFERRING TO THE CLAIMS

Claim 1 is a method process creating and building vast infrastructures, methods means, distributorships, markets, structures, etc. in which to test people's ideas in any marketing sector and to market products, goods and services in any marketing sector by building infrastructures and markets around any products, goods, markets and services—anything that can be created. Included are online and online services interconnecting networks by means which will allow the testing of people's ideas, products and goods by any and all means. Marketing and infrastructures around those products, goods and services will be built.

Claim 2 the method process of building an establishment or city, etc. which encompasses any industry and services dealing with any and all marketing sectors and of producing marketing, creating distributorships and infrastructures, etc. under the name Future, etc. brand names. Included is the process of marketing products, goods and services to others and the building of infrastructures around both said products and others, do forth, around new products and services and intellectual property discovered by the new ideas and new products. The method process will include the building of markets in infrastructures around those new ideas, products and intellectual property and so on.

Claim 3 is a process to create vast infrastructures methods where products and ideas, etc. will be tested in any marketing sector by any and all means, and where future industries interconnect so that they will remain with the main group and for investment with other companies. Future will be claiming new technology, market the products, finance the products, own channels and resources for license, market and test people's ideas in any marketing sector, and represent new ideas, new products and new intellectual property under the Future name, not limited to the Future name. Infrastructures, markets and franchises in infrastructures will build around new products, new patents, and new services and create and interconnect those markets so forth online to identify any services, goods, products and methods in which to test ideas anything in which can be thought of and

created for any marketing sector.

Claim 4 the method process will include any and all infrastructures dealing with markets, distributorships sectors and any and all fields which deal with and all markets of products, goods and services especially relating to the future. The method, etc. will include any and infrastructures that will discover new products and service markets, etc. The name Future has rights in which the name also can be attached on to other names with more opportunities to launch new services, etc. under the Future names. Legal rights to patents, trademarks and intellectual properties from these properties will be secured.

Any invention or device that can be created and that can be marketed, etc. and that serves a purpose can claim the right to Future, etc. brands intellectual properties. The building of new markets for new products, services, infrastructures, networking and marketing where people will test ideas, anything that can be thought of by any and all means will be included. Any and all products and services can be tested, promoted and marketed in any marketing sector with online and interconnecting networks by any and all means set forth with the usage of the name Future and marketing under licensing of intellectual property.

Claim 5 is the process method to build a new world brand name Future and not limited to the name Future will provide the opportunity to build new markets, products and services around newly discovered properties and so forth through the interconnecting of networks and the building of new markets, new infrastructures, distributorships and the obtaining of trademark patent rights and intellectual rights around those newly discovered properties. Included is the connecting of those networks for products and services, franchising, licensing and distributing and the building of channels around those new discovered properties and the building of a Futuristic city or establishment, where all services, products and goods will be identified. The city will encompass infrastructures for the retail sector, financial sector, museum sector, educational sector, health care sector, online sector, utility sector, hotels and motels, resorts sector, industrial sector, research sector, entertainment sector, and every industry that markets any and all special services, goods and products.

The city will be the place to meet business leaders who would look at people's dreams and their abilities. This company will have the ability of marketing their products in any marketing sector and on-line worldwide. Future deals with creating its own unique society that can be protected and can serve the world in the future with the benefit to protect the knowledge of thinking positive with no prejudice and to stand as one for our world. By marketing and producing products and the distributing of the new products and ideas includes the building of vast infrastructures and markets to test people's ideas in any marketing sector by any and all means to focus on the people's ideas and dreams. Any infrastructure will be built with these entities by using the process method for interconnecting building, so forth.

Claim 6 process method is a Futuristic city, etc. on an island or elsewhere where the theme is Futuristic to be a place to test ideas for products and services in any and all marketing sectors, to provide franchise licensing by any means, and to market to other entities. Opportunity will be available to work together to discover new services in healing techniques to save lives by securing the intellectual and copyrights, etc. to new products and services, to franchise those rights and to distribute new products and services.

This entity or corporation will capture a unique market in which people will want to do business and to be identified with Future. Dealership for selling future leader automobiles, museums, libraries, retail stores, and other commerce media will be components of the market. New sports ideas and new entertainment to launch and promote dance, artist, etc. under the Future brands will be possible. Products and services, etc. will have research centers. Utility companies and financial services will be available. Business will be based on positive leadership values that are honorable. Focus is in building huge infrastructures with interconnecting networks by any and all means in which to test ideas and by any and all means online such as to read stories live anywhere in the world which connects readers in any and all languages when called upon by clients. Also online will have interconnecting networks with any and all fields, classes, etc. which tests people's ideas on-line and in the retail industry in any and all sectors, there of.

**Claims 7 process method is to promote in marketing Future brands and intellectual property Future brands in any and all marketing sectors. This includes products, goods and services, etc. Intent is to develop, build, and promote market distributorships, to build new market infrastructures and to build these new markets with specialty identification of the brands name and intellectual property with Future and not limited to the brand Future. Any methods, ways and means in which to build structures, test and market ideas and products, etc. In any marketing sector will be used. Any ways or means to discover new products and develop intellectual property and to build new markets around those new goods, products, services and intellectual properties will be used, as well as, to identify and make new classes to identify those services with special focusing on intellectual property rights to identify those services with special focusing on intellectual property rights in protecting and promoting those new services and goods under the Future brands. An open policy will be used to look for new ideas, to create new entities and to create infrastructures which would include on-line means in which to market, to distribute and to create new ways for people's ideas etc. or anything which is created by the thought process to be tested, produced and marketed in any marketing sector. By electronic means the building of marketing sectors and infrastructure for promoting new products, as well as, testing and evaluation of products and services can be done. Ideas, new licenses, franchises, distributorships and businesses in any marketing sector for any and all goods and services that can be identified as a service or good or product can be promoted and marketed to create a new company or companies on-line with interconnecting infrastructures in any and all industries by any and all means not limited to just online. By licensing the name Future and other entities, infrastructures will be established to test and to market ideas in any marketing sector, so forth.**

**Claim 8 process method is the creation and building of connecting infrastructure markets on-line with web sites, etc. to allow testing, advertisement, marketing by any and all means in any and all marketing sectors and industries of the world. New ideas can be incorporated with other ideas for the creation of new products and services. Usage rights to a name brand and ideas could include every classification of services such as retail store, industrial,**

entertainment, education, radio/TV broadcasting, hotel, and any and all of services of now and of the future. Any name identified with products and services online establishes usage and legal rights and then classified as intellectual property licensing, so forth.

Claim 9 process method is to invent or create and promote for manufacturers to manufacture and market licensed products under the Future name or names with intellectual property rights and to invent or discover new classes to license the Future rights. Interconnected infrastructures dealing with any marketing sector will be built. New markets for products and any services will be online interconnecting networks using web sites where any and all thought process can be tested, marketed and promoted by any and all means in any and all fields. Interconnecting markets, so forth, and the method ways and means in which doing business including discovering, testing, promoting and marketing new products will be built around those new products, goods and services and intellectual property rights. Infrastructure on online, in the retail sectors, in industrial sectors and in anything which can be identified as service for goods or products can be protected and can be identified by name or trademark or patents. Protected are methods and any and all which can be claimed, any and all means of doing business, building interconnecting industries, markets for products and goods, so forth.

Claim 10 process method is name and not limited to the name Future and claiming the process and the methods of building markets, interconnecting markets, infrastructure and anything online which will make it possible to test, promote, and market people's ideas in any marketing sector. I claim any and all ways of doing business in an interconnecting infrastructure and of building new networks and products and goods with new patents and intellectual property rights of discovered ideas and products which are to be identified by and not limited to the name Future.

Claim 11 process method creating marketing in retail store sectors, financial sectors, entertainment sectors, research sector, regular TV broadcasting sector, online sector, health care sector, and any service in any industry identified as such to be interconnected by any

and all means.

Claim 12 process method to discover new technology news service as a new way of doing business with new products and new intellectual property rights, etc. With the claimed rights and rights claimed from other products, new industries and so on will be built around the newly discovered products and intellectual properties. On-line interconnecting networks will be a means to market, to promote and to license intellectual property by any and all means. People's ideas, products and marketing will be tested and used by any and all means electronically and in any and all services of now and in the future.

Claim 13 process method to create infrastructures for the discovery of new technology and patents, etc. In building infrastructures, markets, and distributorships from those intellectual properties, identification will be made with the name Future and not limited to the name Future. Interconnecting of networks and testing, promoting and marketing will make new identification of classes and define new product patents. The building of new markets and infrastructures in any sector around those newly discovered markets and patents in the retail world is not limited to just online but to the interconnection in building networks markets by any and all means.

Claim 14 method process claim the method of doing business of building and connecting infrastructures. With the building of infrastructures and interconnecting infrastructures, the building methods of structures and arena distributorships will interconnect and represent any marketing sector with any product or good and service which can be thought of. Infrastructures and interconnecting infrastructures will be used as a means to test, promote and market, etc. people's ideas or anything by any and all means, to build new products and services and to protect new intellectual property rights, etc. that can be identified and related to the future and not limited to the future. Claimed are the means and methods of interconnecting industries for testing, developing and marketing new ideas to discover new products and services, thereof.

Claim 15 process method to build structure, cities and entities that encompasses utilities and designs, etc. which are futuristic and future related which will be identified by the name of Future, etc. with protection of all intellectual property rights that can be protected and identified with the future. Interconnecting infrastructure by any and all means will allow testing, development and marketing of ideas in any and all marketing sectors with the name Future, etc. thus, discovering new intellectual properties from those entities and developing infrastructures for marketing, thereof.

### ABSTRACT OF THE DISCLOSURE

The method of and process of building businesses and doing business creations, etc. and the development of any and all ideas, goods and services that can be thought of and created by the human mind and can serve a purpose can be protected under the identify or name such as, for example, Future. Then market these in all marketing sectors, so forth, in building new products and services under the name Future and not limited to the name Future.

With these identities infrastructures will be built and interconnect with other infrastructures which deals with any and all products and services, especially new goods, products and services that can be discovered. These can be built around that identity, so on and so forth, for testing, manufacturing, promoting, marketing in all marketing sectors with the intent to develop new products and services, so on and so forth by providing a place to test and market by any and all means. The brand name Future and not limited to Future will identify unique products, services, markets and industries focusing on intellectual property ideas and will launch new products, services, and new industries by franchising the name with other entities and interconnecting all products, services, etc. to create large infrastructures where people can test and market their ideas.
